President's Panel To Study Issues In Railroad Dispute

POLISH TEST PILOT Maj. Richard Obacz, 34, the first person to fly to asylum in West Berlin, is shown with wife, Mary, 27, and son, Lester, 9, and Christopher, 5, at Tempelhof Airfield in Berlin Wednesday. He crammed his family and himself into a Polish TS-8 single-engine trainer plane and made the 150-mile distance from Nadarayce, Poland, in about an hour. Asked why he fled, Obacz said he "was fed up." (UPI Telephoto)

Air Officer Flees Poland With Family

Put Wife, 2 Sons In Plane And Flew To West Berlin

BERLIN (AP)—Polish air force Maj. Richard Obacz, a jet fighter test pilot, told his wife he wanted to get in some flying time.

He would fly to the Baltic coast, Obacz said, and the family could come along to visit relatives there. They would take the little single-prop trainer at the Nadarsyce Airport. No, there was no room for luggage.

Obacz pushed his two small sons under the instrument board, strapped his 27-year-old wife, Mary, in the Pupil's cockpit, gunned the engine and took off. Not north, to the relatives. But west, toward the Berlin wall.

For 110 miles Obacz flew at low level across Poland and East Germany Wednesday. He evaded heavy airliner traffic over West Berlin's Tempelhof Airport, landed on the third pass and planted a kiss of each cheek of the astonished commander of the U.S. Air Force Base, Lt. Col. Bill Greidner.

Board Grants Low Priority For Pool Plan

Other Projects Get Precedence In List Of Chester Group

A proposal for a swimming pool in Chester's City Park was placed low on the priority list of needed improvements at the community grounds at a meeting of the Park Commission Wednesday night.

The commission, after discussion of the proposal for a $70,000 pool made by Councilman Donald Chaney at a Council meeting last week, listed five areas in which the members felt there is a greater financial need.

The priority list includes: (1) retirement of debts; (2) salary for a caretaker; (3) maintenance budget; (4) depreciation schedule, and (5) increased picnic facilities.

Councilman Chaney suggested to Council last Wednesday a special election be held in the fall on a tax levy to finance construction of a pool. Council agreed to refer the proposal to the park commission.

Harold Dickey, commission chairman, said his group believed there is an acute need for a regular budget for park operations.

Contributions and quarterly solicitations of money have enabled the commission to make improvements in past years, but at present there is little income from such sources.

Councilman Chaney today said Council has appropriated $1,400 for the park for the curent year —$120 a month for the caretaker's salary and debt payments.

Integration Ordered In S. Carolina

University, State Parks Given Notice By Federal Judge

COLUMBIA, S.C. (AP) — Separate orders ending segregation at the University of South Carolina and in public parks operated by the state of South Carolina were issued Wednesday by U.S. Dist. Judge J. Robert Martin of Greenville.

Martin ordered the all-white university to admit Negro coed Henri Monteith of Columbia enrolled at the beginning of the next semester.

In an accompanying order, Martin ordered the state to admit Negroes to all of its 26 state-operated parks by mid-September.

State officials were undecided about appealing the rulings. State Atty. Gen. Daniel R. McLeod said he would have to read Judge Martin's entire ruling before making a decision on an appeal.

Miss Monteith, 17, daughter of a Columbia school teacher, attended the College of Notre Dame for Women in Baltimore during the 1962-63 school year. She entered the Baltimore school after her application to the University of South Carolina was rejected last summer.

She would become the second Negro to attend a previously all-white state-supported college in South Carolina. Harvey B. Gantt of Charleston entered Clemson College in early February, also under a court order.

Miss Monteith, expressing gratefulness for the court's ruling, said she had not decided if she will enter the university in September—when the next full semester begins.

Her mother, Mrs. R. R. Monteith, told newsmen there "are certain things to be decided, including some financial matters," before Henri enrolls.

Most Of 421 Rescued In Boat Mishap

BUENOS AIRES, Argentina (AP)—The overnight boat from Montevideo caught fire and sank in the River Plate early today. Most of the 421 persons aboard apparently were rescued. The coast guard said as many as 400 may have been picked up.

Ten navy and civilian boats—their horns sounding in the fog-shrouded water—churned to rescue operations in the darkness.

Only 150 persons had been reported picked up in the six hours after the accident.

There were 358 passengers and 63 crewmen aboard.

The 33-year-old boat, Ciudad de Asuncion, sent out an SOS at 4 a.m.

"They only asked for help," said a state merchant fleet spokesman. "We know very little at this time."

"The minesweeper King reported that it has picked up 150 persons from the water and in lifeboats."

The maritime service said the boat caught fire about 50 miles from Buenos Aires on the regular overnight run from Montevideo, capital of Uruguay.

The cause of the fire was not determined.

The boat was 2,330 tons with a capacity for 550 passengers.

This is the second major accident to an overnight river boat from Montevideo. The overnight ship Ciudad de Buenos Aires sank Aug. 27, 1957, 75 miles off Buenos Aires after colliding with the U.S. freighter Mormacsur of the Moore McCormack Lines. Ninety-four persons drowned.

Racial Violence In Savannah

Police Fire Tear Gas, Negroes Slash Tires, Break Windows

By The Associated Press

Police fired tear gas and Negro demonstrators slashed tires and shattered windows in Savannah, Ga., early Thursday.

The Savannah violence followed a march by about 1,000 Negroes from a rally to the area of the city and county jails. Police said the trouble started when the anti-segregation demonstrators lay down on the streets, blocking traffic at several intersections.

When police placed some of the Negroes in paddy wagons, others lay down and prevented the vehicles from moving. The Negroes then began slashing tires on the wagons, Deputy Police Chief C. W. Weber said. When those inside the wagons broke out, the police used tear gas bombs.

The scattered Negroes roamed through the coastal city, breaking windows in cars and buildings. Numerous arrests were made before order was restored.

A Baptist church, whose pastor has been an opponent of the integration demands, was extensively damaged by fire during the early morning hours. A fire department spokesman said an investigation will be made to determine if arson was involved.

Minor violence erupted again at Cambridge, Md., three days after the withdrawal of National Guard troops.

Booing white persons tossed raw eggs and exploded fire crackers along the line of march as about 300 integrationists paraded downtown Wednesday night. State and city police prevented a direct clash between the demonstrators and the hecklers.

Two vacant houses in the Negro section of Cambridge were burned and two Negroes reported they fired at four white persons fleeing the scene at one of the fires. A state trooper was hit by a brick while patroling the section.

On another front, U.S. Dist. Judge J. Robert Martin directed that Henri Monteith, 17, a Negro girl, be admitted to the white University of South Carolina. A pre-medical student, she would be the second Negro admitted to a white college in South Carolina. Harvey Gantt enrolled at Clemson College in January.

In a separate ruling, the jurist ordered integration of the state's parks, but allowed a delay of 60 days.

Civil rights pickets defied New York City police orders and lay prostrate in the paths of building equipment vehicles at a Brooklyn hospital site. Three Negroes were arrested during the protest of discrimination in building trades.

Negro demands for equal job opportunities resulted in sit-ins at the offices of the absent governor and mayor of New York. Extra police were on duty near a White Castle diner in the Bronx where pickets seek to force the diner chain to alter its hiring policies.

Police in New York City reported that five white persons were wounded by shotgun fire from a group of Negroes in what apparently was a renewal of an old feud between white and Negro teen-age gangs. Those wounded were not seriously hurt. Four Negroes were arrested.

There was a pray-in at the City Hall in Omaha, Neb., protesting what Negro leaders called de facto discrimination. Negroes resumed demonstrations at Danville, Va., and called off a temporary truce at Gadsden, Ala. Protest marches were expected to resume in that northwest Alabama industrial community on Monday.

Seventeen persons were arrested during antisegregation demonstrations at Columbus and Albany, Ga.

At Mobile, Ala., the Mobile County School Board directed its attorneys to request a rehearing of a Federal Appeals Court order to desegregate first grade classrooms this fall. And the Mobile City Commission asked a biracial committee to study equal job opportunities for Negroes in Mobile.

New Contract Ratified For Midland Firm

Agreement Between Crucible And Local Sets Long Vacation

A new working agreement patterned closely after the pact signed by 11 major producers in June was ratified at Pittsburgh Wednesday afternoon by Crucible Steel Co. of America and United Steelworkers locals representing its employes at Midland, Harrison, N. J., and Syracuse, N. Y.

The new agreement takes effect Aug. 1 and runs for a minimum of 21 months.

It includes a provision signed by the major producers allowing 13 consecutive weeks of vacation at full pay every five years for the senior employes.

Crucible said the contract affects 9,000 workers at the three plants.

It estimated the cost of the agreement at close to 15 cents hourly per man — the same figure listed by the major producers.

The pact includes added insurance benefits, the company said.

The contract runs until May 1, 1965. However, it may be reopened by either party on 120 days' notice after Jan. 1, 1965.

The agreement was signed at the Penn-Sheraton Hotel in Pittsburgh by management representatives and spokesmen for unions at the three plants, including Local 1212 at Midland.

Signs Installed For 3 Chester 4-Way Stops

Erection of four-way stop signs at three Chester intersections was completed today by street crews, water department workers and police, Mayor Harry Abrams reported.

The signs were placed at Virginia Ave. and 2nd St., Indiana Ave. and 4th St. and Louisiana Ave. and 6th St., as authorized by Council last week.

Complaints of speeding motorists using Indiana and Virginia Aves. to avoid Carolina Ave. traffic and hazards to children crossing 6th St. to go to the high school playground resulted in the signs, according to Mayor Abrams who said the stop regulations will be enforced strictly.

SAIGON, Viet Nam (AP) — Communist guerrillas attacked four strategic hamlets and a military outpost in the Mekong delta today. The Saigon government reported 12 defenders killed, 16 wounded, and 12 missing.

Demonstrators Protest

Britain's Queen Target Of Booing

LONDON (AP) — British officials were stunned today that Queen Elizabeth II was booed by demonstrators protesting the state visit of King Paul and Queen Frederika of Greece.

Communist, anarchist and ban-the-bomb demonstrators shouted invective at the royal party as it entered and left a gala theatrical performance Wednesday night.

Elizabeth, visibly shaken, drove off alone and unsmiling to Buckingham Palace instead of attending a government reception with the royal visitors and her husband, Prince Philip.

The demonstration was organized by the "Committee of 100 Against Tyranny" to demand freedom for what they call Greek political prisoners. The Greek government calls them murderers and traitors convicted of crimes in the civil war that broke out at the end of World War II.

Premier Panayotis Pipinelis of Greece saw one of the chief instigators of the demonstrations, Mrs. Betty Ambatielos, today. He promised to give King Paul her appeal for release of her husband, Tony, from prison.

Mrs. Ambatielos said she would take no further part in the demonstrations.

Mrs. Ambatielos, 45, is a British Communist, a school teacher, and wife of a Greek Communist who has spent 18 years in prison.

"At this moment, plans stand to continue with demonstrations here tonight," said a spokesman for the Committee of 100 after learning of Mrs. Ambatielos' decision.

As Queen Elizabeth arrived at the theater with King Paul, the demonstrators shouted "sieg heil" and "fascist swine" at the Greek monarch. She left the theater alone, however, and this time the boos were directed at her.

Five rows of police held back the screaming demonstrators. They arrested nine of them, including David Hollman, 29, an American who works here as a computer programmer. Hollman was charged with possessing an offensive weapon—a roll of paper containing a dart.

Several minutes before Queen Elizabeth left the theater, booing greeted the departing Greek couple. It reached a peak as Prince Philip joined them in a glass-roofed limousine and snapped on the interior light.

The same treatment was given Queen Mother Elizabeth and newly married Princess Alexandra and her husband, Angus Ogilvy, as they entered their cars.

There was some scattered cheering with each outburst, however.

Home secretary Henry Brooke denounced the demonstration.

"The queen of England was booed tonight and I am furious," he said.

"I never thought such a thing would happen in Britain.

"There are 50 million decent people in this country and it is distressing that the country's reputation should be unbalanced by an irresponsible minority."

The demonstration was organized by the "Committee of 100," a ban-the-bomb group which demands liberation of nearly 1,000 prisoners held in Greece since the postwar Communist uprising.

Newspaper pictures taken inside the theater showed Queen Elizabeth looking far from happy.

Queen Frederika by contrast appeared cheerful. She waved her handkerchief to booers and cheerers alike.

More trouble was expected tonight. The leftist groups, defying police orders, called for a march on Claridges Hotel where the Greek king and queen are giving a banquet for British royalty and government ministers.

Unity Township Files Levy For Vote In Fall

Unity Township trustees today certified to the County Election Board a resolution asking a vote at the Nov. 5 general election on a new 1-mill levy for fire protection.

Rig Smashes Car Into Pole, Hurts Woman

Trucker Arrested By Officers After Walnut St. Crash

A 26-year-old East Liverpool woman escaped with comparatively minor injuries Wednesday when her new auto was smashed against a utility pole by a tractor-trailer rig in a freak mishap on Walnut St. at Bradshaw Ave., police reported.

She is Mrs. Loretta Jo Ludwig, 941 Myler Park Rd., whose 1963 sedan was shoved against the metal standard as both she and the trucker, Wallace D. Goodale, 26, of Mound, Minn., apparently attempted right turns from adjoining lanes, police said.

Mrs. Ludwig was admitted to City Hospital for a possible back injury, and released later.

Goodale was operating a 1958 model rig owned by J. A. Cheesbrough, also of Mound, Minn., police said. It was undamaged.

Goodale said he switched on his right turn signal and was starting to make a turn off Walnut onto Bradshaw when a man on the sidewalk shouted to him. He said he stopped and saw Mrs.

6-Man Unit Will Report By July 22

Both Sides Agree To Freeze Rules Changes Or Strike

WASHINGTON (AP) — With a nationwide railroad strike temporarily averted, new machinery devised by President Kennedy for another attempt at settling the four-year-old jobs dispute gets a tune-up today.

This date was to mark the beginning of a nationwide rail walkout, but a dramatic announcement by Kennedy less than eight hours before the 12:01 a.m. strike deadline set a new timetable.

In a brief report from the White House the President late Wednesday announced the appointment of a special six-man subcommittee of the Labor-Management Advisory Committee to make a new study of the dispute and to report its findings by July 22.

At the same time he announced agreement by the railroads and five operating unions to freeze any work rules changes or strike notice until July 29.

Kennedy said that on July 22 he will send his own recommendations and the special committee's report to Congress. This would mean Congress would have just one week to come up with legislation to prevent a strike if an agreement is not reached.

Meanwhile, Secretary of Labor W. Willard Wirtz, named chairman of the new special committee by Kennedy, set up a morning meeting today with representatives of the rail carriers and unions.

Secretary of Commerce Luther H. Hodges, vice chairman of the committee, also will be on hand.

The meeting was called as a planning and organization session and follows fast on the continuous round of labor-management-government meetings here since June 17.

Kennedy's four other appointees, all of whom gave their consent to the White House Wednesday to serve, were not expected to be present at this inaugural session.

They are Joseph Block, board chairman of Inland Steel, Chicago; George Harrison, AFL-CIO vice president and long-time president of the Brotherhood of Railway and Steamship Clerks; AFL-CIO President George Meany, and Stuart T. Saunders, board chairman of the Norfolk & Western Railroad.

A spokesman for the rail unions said that two of the five top rail union officers definitely would be present. They are Charles Luna,

Deadlocked Over Measures

Ohio's Legislature Plans To Recess Till December

COLUMBUS, Ohio (AP)—Ohio's General Assembly, deadlocked over a couple of administration measures, plans to recess until December, Republican leaders said today.

A recess, instead of the usual final adjournment, would continue the life of the session that began Jan. 7.

Final adjournment would end the regular session and legislators could only return at the call of the governor.

The deadlock developed over bills to put more cash in Ohio's hard-pressed treasury.

One would boost the liquor markup limit for a potential $35 million boost in monopoly profits. The other would permit the state to take over long-unclaimed bank accounts, stock dividends and other funds.

Administration sources said Gov. James A. Rhodes has about given up hopes of getting the measures enacted during a "clean up" session opening Wednesday. Regular working sessions ended June 28.

Fair housing advocates girded today for new demonstrations as the 105th General Assembly sprinted for the finish line.

Members of the Congress of Racial Equality (CORE) said they didn't want to wait until 1965 for the legislature to pass a law banning discrimination in real estate transactions.

More than a half-dozen CORE members staged sit-in demonstrations in the governor's office, on the House Floor and in the balcony Wednesday.

Highway patrolmen in plain clothes escorted or carried out both white and Negro demonstrators. Some complained that itching powder was tossed on them. Others later visited the Governor's Mansion.

The demonstrations enlivened

To Close Doors Saturday

Moore's Furniture Store Will Go Out Of Business

The Moore Furniture Co., 210 E. 5th St., will discontinue business as of 5 p. m. Saturday.

Wendell H. Vodrey, president and treasurer, in making the announcement said that while sales activities will wind up then the office will remain open until July 31 to accommodate present accounts and take care of other details that go with the closing down.

At the same time, Harold J. Allison, general manager of the Frank Crook Co., 112 E. 5th St., disclosed that his company has purchased Moore's present stock of merchandise and that it will be transferred to Crook's.

The brick building which houses Moore's is owned by the Frank Williams family, with the heirs being grandchildren of Dr. W. A. Hobbs, a physician here for many years before his death. Most of the Williams are now located in Texas.

The Moore company was incorporated April 2, 1903, on W. 6th St., with the incorporators J. W. Moore Jr., G. W. Moore, N. V. Moore, C. E. Swan and J. H. Swan.

The late J. Norman Vodrey joined the organization in 1906.

The company also was located on Washington St. before moving to the present location about 1908.

F. H. Zepernick, the present vice president, joined the company in 1908.

Wendell Vodrey came into the organization in 1926 and R. E. Vodrey, the present secretary, in 1937.

At one period there were three Moores, four Zepernicks and four Vodreys on the Board of Directors.

The parking lot adjacent to the building was established for customers' use in 1956.

Nineteen were employed by the store at one time, with 13 now on the payroll.

Demonstrators Protest

Britain's Queen Target Of Booing

LONDON (AP) — British officials were stunned today that Queen Elizabeth II was booed by demonstrators protesting the state visit of King Paul and Queen Frederika of Greece.

Communist, anarchist and ban-the-bomb demonstrators shouted invective at the royal party as it entered and left a gala theatrical performance Wednesday night.

Elizabeth, visibly shaken, drove off alone and unsmiling to Buckingham Palace instead of attending a government reception with the royal visitors and her husband, Prince Philip.

The demonstration was organized by the "Committee of 100 Against Tyranny" to demand freedom for what they call Greek political prisoners. The Greek government calls them murderers and traitors convicted of crimes in the civil war that broke out at the end of World War II.

Premier Panayotis Pipinelis of Greece saw one of the chief instigators of the demonstrations, Mrs. Betty Ambatielos, today. He promised to give King Paul her appeal for release of her husband, Tony, from prison.

Mrs. Ambatielos said she would take no further part in the demonstrations.

Mrs. Ambatielos, 45, is a British Communist, a school teacher, and wife of a Greek Communist who has spent 18 years in prison.

"At this moment, plans stand to continue with demonstrations here tonight," said a spokesman for the Committee of 100 after learning of Mrs. Ambatielos' decision.

As Queen Elizabeth arrived at the theater with King Paul, the demonstrators shouted "sieg heil" and "fascist swine" at the Greek monarch. She left the theater alone, however, and this time the boos were directed at her.

Five rows of police held back the screaming demonstrators. They arrested nine of them, including David Hollman, 29, an American who works here as a computer programmer. Hollman was charged with possessing an offensive weapon—a roll of paper containing a dart.

Several minutes before Queen Elizabeth left the theater, booing greeted the departing Greek couple. It reached a peak as Prince Philip joined them in a glass-roofed limousine and snapped on the interior light.

The same treatment was given Queen Mother Elizabeth and newly married Princess Alexandra and her husband, Angus Ogilvy, as they entered their cars.

There was some scattered cheering with each outburst, however.

Home secretary Henry Brooke denounced the demonstration.

"The queen of England was booed tonight and I am furious," he said.

"I never thought such a thing would happen in Britain.

"There are 50 million decent people in this country and it is distressing that the country's reputation should be unbalanced by an irresponsible minority."

The demonstration was organized by the "Committee of 100," a ban-the-bomb group which demands liberation of nearly 1,000 prisoners held in Greece since the postwar Communist uprising.

Newspaper pictures taken inside the theater showed Queen Elizabeth looking far from happy.

Queen Frederika by contrast appeared cheerful. She waved her handkerchief to booers and cheerers alike.

More trouble was expected tonight. The leftist groups, defying police orders, called for a march on Claridges Hotel where the Greek king and queen are giving a banquet for British royalty and government ministers.

Unity Township trustees today certified to the County Election Board a resolution asking a vote at the Nov. 5 general election on a new 1-mill levy for fire protection.

Rig Smashes Car Into Pole, Hurts Woman

Trucker Arrested By Officers After Walnut St. Crash

A 26-year-old East Liverpool woman escaped with comparatively minor injuries Wednesday when her new auto was smashed against a utility pole by a tractor-trailer rig in a freak mishap on Walnut St. at Bradshaw Ave., police reported.

She is Mrs. Loretta Jo Ludwig, 941 Myler Park Rd., whose 1963 sedan was shoved against the metal standard as both she and the trucker, Wallace D. Goodale, 26, of Mound, Minn., apparently attempted right turns from adjoining lanes, police said.

Mrs. Ludwig was admitted to City Hospital for a possible back injury, and released later.

Goodale was operating a 1958 model rig owned by J. A. Cheesbrough, also of Mound, Minn., police said. It was undamaged.

Goodale said he switched on his right turn signal and was starting to make a turn off Walnut onto Bradshaw when a man on the sidewalk shouted to him. He said he stopped and saw Mrs.

6-Man Unit Will Report By July 22

Both Sides Agree To Freeze Rules Changes Or Strike

WASHINGTON (AP) — With a nationwide railroad strike temporarily averted, new machinery devised by President Kennedy for another attempt at settling the four-year-old jobs dispute gets a tune-up today.

This date was to mark the beginning of a nationwide rail walkout, but a dramatic announcement by Kennedy less than eight hours before the 12:01 a.m. strike deadline set a new timetable.

In a brief report from the White House the President late Wednesday announced the appointment of a special six-man subcommittee of the Labor-Management Advisory Committee to make a new study of the dispute and to report its findings by July 22.

At the same time he announced agreement by the railroads and five operating unions to freeze any work rules changes or strike notice until July 29.

Kennedy said that on July 22 he will send his own recommendations and the special committee's report to Congress. This would mean Congress would have just one week to come up with legislation to prevent a strike if an agreement is not reached.

Meanwhile, Secretary of Labor W. Willard Wirtz, named chairman of the new special committee by Kennedy, set up a morning meeting today with representatives of the rail carriers and unions.

Secretary of Commerce Luther H. Hodges, vice chairman of the committee, also will be on hand.

The meeting was called as a planning and organization session and follows fast on the continuous round of labor-management-government meetings here since June 17.

Kennedy's four other appointees, all of whom gave their consent to the White House Wednesday to serve, were not expected to be present at this inaugural session.

They are Joseph Block, board chairman of Inland Steel, Chicago; George Harrison, AFL-CIO vice president and long-time president of the Brotherhood of Railway and Steamship Clerks; AFL-CIO President George Meany, and Stuart T. Saunders, board chairman of the Norfolk & Western Railroad.

A spokesman for the rail unions said that two of the five top rail union officers definitely would be present. They are Charles Luna,

Deadlocked Over Measures

Ohio's Legislature Plans To Recess Till December

COLUMBUS, Ohio (AP)—Ohio's General Assembly, deadlocked over a couple of administration measures, plans to recess until December, Republican leaders said today.

A recess, instead of the usual final adjournment, would continue the life of the session that began Jan. 7.

Final adjournment would end the regular session and legislators could only return at the call of the governor.

The deadlock developed over bills to put more cash in Ohio's hard-pressed treasury.

One would boost the liquor markup limit for a potential $35 million boost in monopoly profits. The other would permit the state to take over long-unclaimed bank accounts, stock dividends and other funds.

Administration sources said Gov. James A. Rhodes has about given up hopes of getting the measures enacted during a "clean up" session opening Wednesday. Regular working sessions ended June 28.

Fair housing advocates girded today for new demonstrations as the 105th General Assembly sprinted for the finish line.

Members of the Congress of Racial Equality (CORE) said they didn't want to wait until 1965 for the legislature to pass a law banning discrimination in real estate transactions.

More than a half-dozen CORE members staged sit-in demonstrations in the governor's office, on the House Floor and in the balcony Wednesday.

Highway patrolmen in plain clothes escorted or carried out both white and Negro demonstrators. Some complained that itching powder was tossed on them. Others later visited the Governor's Mansion.

The demonstrations enlivened

To Close Doors Saturday

Moore's Furniture Store Will Go Out Of Business

The Moore Furniture Co., 210 E. 5th St., will discontinue business as of 5 p. m. Saturday.

Wendell H. Vodrey, president and treasurer, in making the announcement said that while sales activities will wind up then the office will remain open until July 31 to accommodate present accounts and take care of other details that go with the closing down.

At the same time, Harold J. Allison, general manager of the Frank Crook Co., 112 E. 5th St., disclosed that his company has purchased Moore's present stock of merchandise and that it will be transferred to Crook's.

The brick building which houses Moore's is owned by the Frank Williams family, with the heirs being grandchildren of Dr. W. A. Hobbs, a physician here for many years before his death. Most of the Williams are now located in Texas.

The Moore company was incorporated April 2, 1903, on W. 6th St., with the incorporators J. W. Moore Jr., G. W. Moore, N. V. Moore, C. E. Swan and J. H. Swan.

The late J. Norman Vodrey joined the organization in 1906.

The company also was located on Washington St. before moving to the present location about 1908.

F. H. Zepernick, the present vice president, joined the company in 1908.

Wendell Vodrey came into the organization in 1926 and R. E. Vodrey, the present secretary, in 1937.

At one period there were three Moores, four Zepernicks and four Vodreys on the Board of Directors.

The parking lot adjacent to the building was established for customers' use in 1956.

Nineteen were employed by the store at one time, with 13 now on the payroll.

Just Like The Generals

Reports of deep-seated internal differences in the Democratic and Republican parties will be coming off the presses and teleprompters at a steady clip for the next year.

All will have the same theme: It will be a miracle if the parties can keep order long enough to nominate a candidate.

There is no possibility of a hatchet-burying, except in the process of carrying out an execution.

The party's internal differences are irreconcilable.

BUT THE FACT is the differences always were irreconcilable. There never has been close party unity. Political harmony has never been more than a wish and an illusion.

Dissension begins at the lowest level and runs through the party organization to the highest level.

The bitterest quarrels always are inside parties, far exceeding the bitterness of the issues that lie between parties.

But if all this is so, what holds a political party together? What has enabled the Democratic party, scarcely more than a coalition of dissimilar factions in the North and South, to carry the country consistently since 1932?

And what makes Republicans hopeful of smoothing over their differences in time for a 1964 effort that might prove successful?

THE ANSWER is simple.

Perhaps it is too simple for those looking for something complex.

A political party is like a baseball club with a common interest in winning.

This is what has held the Democratic coalition together since 1932.

It is what holds the divergent elements of the Republican party together.

There is no imperative need for intra-party harmony. It would be nice if it existed, but it never did exist.

Politicians fight among themselves, just like generals. But as long as generals win wars and politicians win elections, no one worries about interior disagreements.

Scout Aid Needed

One of the best programs for guidance and development of boys to responsibilities of manhood and citizenship is in the Boy Scout organization.

But the success of the organization depends entirely upon the men who provide the leadership for the youths — from the assistant Scoutmasters to the district executives.

There is a great need for more adult leaders in the Cherokee District to staff the present large number of units and troops and packs yet to be organized and to replace men who have withdrawn after years of service.

Throughout the East Liverpool, Wellsville and Chseter areas there are qualified men interested in aiding young people but who may be hesitant about offering their talents.

The opportunity for service is great when one wears the badge of a Scout leader.

Anyone interested in assisting the Scouting program may contact Frank Rossi, district chairman, at LE 2-3965.

The Need To Draw A Line

There are many Republicans and independents who think it would be interesting to have a 1964 showdown between the Kennedy administration and Sen. Barry Goldwater, the conservative Republican senator from Arizona.

They are intrigued by the idea, because they have wondered since Franklin D. Roosevelt ran for re-election in 1936 what would have happened if there had been less me-too and more me-never among the New Deal and Fair Deal opposition.

It started with Alfred M. Landon, a retreaded Bull Mooser, went through Wendell L. Willkie and Thomas E. Dewey and was still going strong when Dwight D. Eisenhower came into the picture.

It always was done to the funeral chant of the Republican party's Wall Street branch, that a genuine conservative like Ohio's Robert A. Taft couldn't win, despite the fact he could win in Ohio and made himself the most respected man in the Senate by sticking to his colors.

BUT REPUBLICANS and independents who feel this way are not intrigued by signs that Sen. Goldwater is in danger of being claimed by Dixiecrats and extremists with no interest in him other than a possible way to get their foot in the political door. They need him; he doesn't need them.

These are the same people in many cases who buzzed around Sen. Taft, thinking he might be taken into their camp. They were a pain in his political neck.

He read their motives with no need of footnotes. He had no stomach for the extremism they stood for. Politics can make strange bedfellows, but it's the responsibility of anyone who aspires to reach the top to draw a line.

Sen. Goldwater will be needing to draw a line soon, or face the danger of chilling the interest of people genuinely interested in his views.

MANY OF these bona fide admirers took part in a Washington rally the night of Independence Day, along with some of the other kind.

He cannot afford the impression that the other kind have any chance to capture him, unless he wants to destroy his political career.

In Southern states, too, many voters are fed to the teeth with the New Frontier out of the Square Deal out of the New Deal out of Fabian socialism via Lord Keynes. But they are not, by that token, Dixiecrats, states' righters, race-baiters, or unreconstructed rebels.

They do not want to swap one brand of extremism for another. They want moderation, reasonable conservatism, prudence, common sense.

If Sen. Goldwater lets himself be captured by reactionaries, he will have made a gross miscalculation about the source of his strength as a political rallying point.

Battle Of Conscience

By Truman Twill

An American for whom I have respect, Ralph J. Bunche, spoke in Aalborg, Denmark, on July 4. He told the Danes about the trouble the United States is having.

He predicted it would come out all right. "It is not really the struggle of the Negro but of the American people as a whole," he said. He called it a true social revolution and pointed out that Negroes are pushing it with the encouragement and support of "very many white Americans." He predicted the Negroes' struggle "will soon be completely won."

I think he is letting himself be too optimistic when he sees completeness and quickness in a struggle of this kind. It will drag on for agonizing generations.

The main thing now is that the trend is setting in against irreconcilable elements that long have dreamed of making sure the Negroes' struggle would be lost. They are on the defensive.

These people will never give up. Many never will simmer down. Some will go berserk like that fellow charged with the assassination of the NAACP's Medgar Evers in Mississippi.

Americans who know better will talk as if they had a commission to do something about the fact most of the population of the earth is colored, not white.

They will arrogate to themselves powers of decision over other men no man can have.

That's why Dr. Bunche is wrong when he implies there is going to be a quick and definitive end to the problem of race discrimination. A man of his disposition isn't likely to think this way, but the problem is eternal.

It never can be solved, but with forbearance and intelligence it can be lived with. Negroes can learn to tolerate white men, red men can live with brown men, etc.

This is the direction in which we shall make progress if we're lucky. We have a fighting change to keep ahead of the supermen among us, the ones who have it in their heads to spruce up the world by getting rid of everybody who isn't like themselves.

Every so often they run amuck, reminding us that their civilization is an eggshell veneer that can be cracked loose with one blow.

But at the moment the pressure is against them. As Dr. Bunche says, the American people now are on the plus side in their struggle to win a battle of conscience.

It is not the privilege of any member of any race to decide what is to be done with any other race. It is only the privilege of each person to decide what he will do with himself.

Sen. Kennedy Backs Space Venture

Sen. Edward M. Kennedy, D-Mass., was asked by Victor Riesel to discuss whatever he believes to be one of the most exciting developments in our land. He chose outer space. Here are his comments.

By EDWARD M. KENNEDY
United States Senator

When my friend Victor Riesel asked me to write a column for him, I thought I would start with the story of Christopher Columbus. Few people know that before he convinced the Queen Isabella of Spain to send him across the ocean, he tried unsuccessfully to get backing for the trip from the kings of England, France and Portugal.

All three turned him down, not because his idea was wild, but because it was too expensive. Because Spain took the chance, she beat the other nations to the riches of the new world, and dominated Europe for the next 150 years.

I think this is a good lesson to remember when we consider how far and how fast to go in the exploration of outer space. Our ventures into space are going to be every bit as important and exciting as the Voyages of Discovery of the 15th and 16th centuries.

HISTORY IS going to record our generation as the one which started it off.

I'm extremely excited about our space effort.

I hope to travel to the moon some day.

Before this effort is over, we are going to know about the possibility of life on solar systems other than our own. Long before that, the shape of our nation and our national security is going to be influenced by how well we do in space.

The great rocket scientist, Werner von Braun, was asked in 1958 what the first American spaceman would see when he landed on the moon. His answer was: "A Russian." We have come a long way since 1958, but it is still touch and go as to who will get to the moon first. This is one we can't afford to lose.

The space race also has an impact here on earth — in the form of a great competition for prestige among the nations of the world. This competition is keen and real.

THE WINNER will be not only the country that does more in space, but the country that effectively tells of its achievements.

I think we could do much better in this area. Last year, we spent more than $4 billion on our space effort. Less than one half of 1 per cent of that money was spent telling of our achievements around the world.

When you consider that private corporations reserve at least 5 per cent of their budget for advertising and promotion, you can see there is an imbalance here.

The Russians, on the other hand, squeeze every bit of publicity out of their space program. You can be sure we are going to hear almost as much about Valery and Valentina, the Russian space couple, as we did about Richard Burton and Elizabeth Taylor.

Edward R. Murrow's United States Information Service is primarily responsible for telling our story in this area.

The USIA is going a good job on a very small budget. When Gordon Cooper was in orbit, the USIA broadcast for 40 hours, in 35 languages to an estimated 50 million people. Exhibits of the flight were set up in village squares throughout Asia and Latin America.

THE USIA would like to be able to send young Americans into foreign countries in "spacemobiles" to talk up the American space program.

It would like to make films about our space program, geared to the particular interests of key countries. I think these projects would be a good investment.

And I have a couple of other suggestions. Why don't we send some of our astronauts on good will trips around the world? The Russians have received tremendous mileage from doing this.

When there were only seven astronauts, I could understand the need for keeping them at home and in training. But now there are 16 in NASA and 35 in the Air Force. Certainly a few could be spared for a short time for such an important mission.

We should also try to train and orbit an astronaut who is a Negro. Most of the people of the world are non-white. This trip would serve to establish a personal identification between them and our space program.

We are engaged in a propaganda war with the Soviets every day of the week, with strategy as carefully prepared and stakes just as high as any battle on land or on sea.

Space affords us a great opportunity. Let us make the most of it.

Letter To The Editor

EDITOR OF THE REVIEW:

There is quite a bit of unrest and discontent in various parts of the country between the Negro and whites. Demonstrations are being held in various parts of the South, especially asking for civil rights and equal opportunities for the Negro.

In East Liverpool, we are not quite as unfortunate as our brothers in the South, but there are quite a number of problems that need to be corrected.

The white leaders and businessmen of our city should not wait for pressure to be brought, but should desegregate, immediately, in order to forestall any unrest among the Negro population.

I made the above statement in order to clarify what I have to say.

There is a used car lot located on Pennsylvania Ave. in East End, named "Top Used Cars", which is flying three Confederate flags at each end.

Now I don't think it is against the law to fly a Confederate flag, but to set up shop in a Negro neighborhood and wave the "Rebel" flag just does not make sense to me, regardless of whether there might be malicious intent or not.

The operator could at least put the Stars and Stripes up along with any other flag. I think it is best we try to forget that part of our history where one man held another in slavery and a part of our country rebelled against the government. This sort of thing certainly is not helping to cement relations between the Negro and the White.

As I said before, it is up to the leaders and businessmen of both races to bring about better relations between the races.

Innocent Bystanders

By David Lawrence

Railroad Strike Would Affect Millions

The nation this week was given a painful example of what can happen to "innocent bystanders." Even the mere threat of a countrywide railroad strike caused many a business to begin expensive preparations to enable commerce to continue to flow. Five labor unions, each nationally organized, today may use their monopoly power over a whole industry to shut off rail traffic and thereby demoralize passenger and freight service from coast to coast.

David Lawrence

The railroad companies themselves, however, cannot function as a private monopoly. Two companies are not allowed to merge, even when one is on the verge of bankruptcy, unless permission is granted by a federal government agency.

Yet one railroad union doesn't require the slightest authority from the government to close down the industry and impair the investments of millions of individual or institutional stockholders. Property thus can be destroyed at will by a private monopoly of union members.

Plainly, the sentiment so often expressed in dilemmas of this kind that "there ought to be a law" is ignored in Congress and by the President. For to do anything to antagonize labor is considered politically dangerous. This is because all unions join in a political campaign against any administration that refuses to do their bidding.

The issues in the current controversy between the railroad unions and the companies have been thoroughly debated and have been argued in collective-bargaining conferences for four years.

IN FACT, President Eisenhower appointed a commission which reported to President Kennedy on Feb. 28, 1962, after an exhaustive review of so-called "featherbedding" — an insistence on being paid for work not done.

The commission declared in its recommendations that the railroads could make sweeping changes in the work rules and in the number of workers employed. It proposed, at the same time, some curbs on railroad action, including certain things the companies would have to do in the way of benefits for workers who were fired — such as severance pay.

The report fell on deaf ears as a non-operating union on the Chicago & Northwestern Railroad went out on a strike that lasted from Aug. 30 to Sept. 12, 1962. It received financial help from outside unions which, to be sure, refused to cross picket lines. Finally, the striking union and the company responded to an appeal from the President and agreed to arbitration.

The battle that has been going on involves a jockeying by the union leaders. They don't like proposals for compulsory arbitration and in emergencies prefer seizure and operation of the railroads by the government while some settlement is worked out.

THE PRESIDENT today has no power to seize the railroads. Congress would have to provide it. The same situation arose in 1946 when President Truman, believing that he already had authority under a wartime statue that had not yet been repealed, seized the rail properties and ordered them operated under government auspices. But the unions refused to work.

The President then asked Congress for further legislation to require compulsory service through the military draft. The strike was called off after it had lasted 48 hours. Mr. Truman's bill, however, passed the House and was subsequently amended and passed by the Senate, too, but the measure later died in the House Rules Committee.

There is no question about the right of Congress to legislate under the clause which gives it authority "to regulate interstate commerce."

There have been times — during war periods, for instance — when Congress has enacted legislation not only to control strikes but also to fix wages and prices. But no such law exists today.

The labor unions, of course, operate under broad grants of authority to organize for collective bargaining. The Taft-Hartly Act covers all unions except those of the transportation industries, whose labor relations are specifically regulated by the railway labor act — a statute which antedates the Taft-Hartley law by many years.

But nothing in either law prohibits monopoly power among unions such as has long been forbidden in the case of businessmen ever since the Sherman Antitrust law was passed in 1890. It has been reaffirmed in many statutes since.

PRESIDENT KENNEDY'S proposal to both sides to let Justice Arthur Goldberg of the Supreme Court act as an arbitrator in the dispute, while the unions and companies go on operating, was in principle at variance with the unions' previous position against compulsory arbitration. They have felt all along that arbitration by government might not be fair to them.

The administration reasoned that they could hardly say this about Mr. Goldberg, who was formerly special counsel for the AFL-CIO, as well as counsel for the Steelworkers' Union, and until recently secretary of labor in Mr. Kennedy's Cabinet.

That's why official Washington hoped for an acceptance of the proposal by both sides, but union leaders preferred some other way.

But even a temporary avoidance of a strike would leave untouched the main issue — the right of a national labor union at any time to tie up the railway traffic of the country indefinitely and seriously damage the pocketbooks of the "innocent bystanders."

Today In History

Today is Thursday, July 11, the 192nd day of 1963. There are 173 days left in the year.

Today's highlight in history:

On this date in 1798, Congress created the present U.S. Marine Corps under the control of the Navy Department. Marines had first been organized in 1740 when three regiments were recruited in New York to serve under the British flag. The first Marines to serve the colonies were organized in 1775 by the Continental Congress.

On this date:

In 1836, the U.S. Treasury required collectors of public revenues to accept only gold and silver—an action which hastened the panic of 1837.

In 1921, the U.S. forbade ships to bring liquor within three miles of the nation's coast.

In 1937, death came to American composer, George Gershwin.

In 1955, Everett Frederic Morrow of New Jersey became the first Negro to serve on the executive staff of President Dwight D. Eisenhower.

Ten years ago: U.S. gen. Alfred Gruenther formally took over as supreme commander of Allied forces in Europe, succeeding Gen. Matthew Ridgway—also of the U.S.

One year ago: The Kennedy administration announced a revision of federal tax depreciation schedules which were expected to have the effect of a $1.5 billion cut in business taxes the first year.

Just Like The Generals

Reports of deep-seated internal differences in the Democratic and Republican parties will be coming off the presses and teleprompters at a steady clip for the next year.

All will have the same theme: It will be a miracle if the parties can keep order long enough to nominate a candidate.

There is no possibility of a hatchet-burying, except in the process of carrying out an execution.

The party's internal differences are irreconcilable.

BUT THE FACT is the differences always were irreconcilable. There never has been close party unity. Political harmony has never been more than a wish and an illusion.

Dissension begins at the lowest level and runs through the party organization to the highest level.

The bitterest quarrels always are inside parties, far exceeding the bitterness of the issues that lie between parties.

But if all this is so, what holds a political party together? What has enabled the Democratic party, scarcely more than a coalition of dissimilar factions in the North and South, to carry the country consistently since 1932?

And what makes Republicans hopeful of smoothing over their differences in time for a 1964 effort that might prove successful?

THE ANSWER is simple.

Perhaps it is too simple for those looking for something complex.

A political party is like a baseball club with a common interest in winning.

This is what has held the Democratic coalition together since 1932.

It is what holds the divergent elements of the Republican party together.

There is no imperative need for intra-party harmony. It would be nice if it existed, but it never did exist.

Politicians fight among themselves, just like generals. But as long as generals win wars and politicians win elections, no one worries about interior disagreements.

Scout Aid Needed

One of the best programs for guidance and development of boys to responsibilities of manhood and citizenship is in the Boy Scout organization.

But the success of the organization depends entirely upon the men who provide the leadership for the youths — from the assistant Scoutmasters to the district executives.

There is a great need for more adult leaders in the Cherokee District to staff the present large number of units and troops and packs yet to be organized and to replace men who have withdrawn after years of service.

Throughout the East Liverpool, Wellsville and Chseter areas there are qualified men interested in aiding young people but who may be hesitant about offering their talents.

The opportunity for service is great when one wears the badge of a Scout leader.

Anyone interested in assisting the Scouting program may contact Frank Rossi, district chairman, at LE 2-3965.

The Need To Draw A Line

There are many Republicans and independents who think it would be interesting to have a 1964 showdown between the Kennedy administration and Sen. Barry Goldwater, the conservative Republican senator from Arizona.

They are intrigued by the idea, because they have wondered since Franklin D. Roosevelt ran for re-election in 1936 what would have happened if there had been less me-too and more me-never among the New Deal and Fair Deal opposition.

It started with Alfred M. Landon, a retreaded Bull Mooser, went through Wendell L. Willkie and Thomas E. Dewey and was still going strong when Dwight D. Eisenhower came into the picture.

It always was done to the funeral chant of the Republican party's Wall Street branch, that a genuine conservative like Ohio's Robert A. Taft couldn't win, despite the fact he could win in Ohio and made himself the most respected man in the Senate by sticking to his colors.

BUT REPUBLICANS and independents who feel this way are not intrigued by signs that Sen. Goldwater is in danger of being claimed by Dixiecrats and extremists with no interest in him other than a possible way to get their foot in the political door. They need him; he doesn't need them.

These are the same people in many cases who buzzed around Sen. Taft, thinking he might be taken into their camp. They were a pain in his political neck.

He read their motives with no need of footnotes. He had no stomach for the extremism they stood for. Politics can make strange bedfellows, but it's the responsibility of anyone who aspires to reach the top to draw a line.

Sen. Goldwater will be needing to draw a line soon, or face the danger of chilling the interest of people genuinely interested in his views.

MANY OF these bona fide admirers took part in a Washington rally the night of Independence Day, along with some of the other kind.

He cannot afford the impression that the other kind have any chance to capture him, unless he wants to destroy his political career.

In Southern states, too, many voters are fed to the teeth with the New Frontier out of the Square Deal out of the New Deal out of Fabian socialism via Lord Keynes. But they are not, by that token, Dixiecrats, states' righters, race-baiters, or unreconstructed rebels.

They do not want to swap one brand of extremism for another. They want moderation, reasonable conservatism, prudence, common sense.

If Sen. Goldwater lets himself be captured by reactionaries, he will have made a gross miscalculation about the source of his strength as a political rallying point.

The nation this week was given a painful example of what can happen to "innocent bystanders." Even the mere threat of a countrywide railroad strike caused many a business to begin expensive preparations to enable commerce to continue to flow. Five labor unions, each nationally organized, today may use their monopoly power over a whole industry to shut off rail traffic and thereby demoralize passenger and freight service from coast to coast.

David Lawrence

The railroad companies themselves, however, cannot function as a private monopoly. Two companies are not allowed to merge, even when one is on the verge of bankruptcy, unless permission is granted by a federal government agency.

Yet one railroad union doesn't require the slightest authority from the government to close down the industry and impair the investments of millions of individual or institutional stockholders. Property thus can be destroyed at will by a private monopoly of union members.

Plainly, the sentiment so often expressed in dilemmas of this kind that "there ought to be a law" is ignored in Congress and by the President. For to do anything to antagonize labor is considered politically dangerous. This is because all unions join in a political campaign against any administration that refuses to do their bidding.

The issues in the current controversy between the railroad unions and the companies have been thoroughly debated and have been argued in collective-bargaining conferences for four years.

IN FACT, President Eisenhower appointed a commission which reported to President Kennedy on Feb. 28, 1962, after an exhaustive review of so-called "featherbedding" — an insistence on being paid for work not done.

The commission declared in its recommendations that the railroads could make sweeping changes in the work rules and in the number of workers employed. It proposed, at the same time, some curbs on railroad action, including certain things the companies would have to do in the way of benefits for workers who were fired — such as severance pay.

The report fell on deaf ears as a non-operating union on the Chicago & Northwestern Railroad went out on a strike that lasted from Aug. 30 to Sept. 12, 1962. It received financial help from outside unions which, to be sure, refused to cross picket lines. Finally, the striking union and the company responded to an appeal from the President and agreed to arbitration.

The battle that has been going on involves a jockeying by the union leaders. They don't like proposals for compulsory arbitration and in emergencies prefer seizure and operation of the railroads by the government while some settlement is worked out.

THE PRESIDENT today has no power to seize the railroads. Congress would have to provide it. The same situation arose in 1946 when President Truman, believing that he already had authority under a wartime statue that had not yet been repealed, seized the rail properties and ordered them operated under government auspices. But the unions refused to work.

The President then asked Congress for further legislation to require compulsory service through the military draft. The strike was called off after it had lasted 48 hours. Mr. Truman's bill, however, passed the House and was subsequently amended and passed by the Senate, too, but the measure later died in the House Rules Committee.

There is no question about the right of Congress to legislate under the clause which gives it authority "to regulate interstate commerce."

There have been times — during war periods, for instance — when Congress has enacted legislation not only to control strikes but also to fix wages and prices. But no such law exists today.

The labor unions, of course, operate under broad grants of authority to organize for collective bargaining. The Taft-Hartly Act covers all unions except those of the transportation industries, whose labor relations are specifically regulated by the railway labor act — a statute which antedates the Taft-Hartley law by many years.

But nothing in either law prohibits monopoly power among unions such as has long been forbidden in the case of businessmen ever since the Sherman Antitrust law was passed in 1890. It has been reaffirmed in many statutes since.

PRESIDENT KENNEDY'S proposal to both sides to let Justice Arthur Goldberg of the Supreme Court act as an arbitrator in the dispute, while the unions and companies go on operating, was in principle at variance with the unions' previous position against compulsory arbitration. They have felt all along that arbitration by government might not be fair to them.

The administration reasoned that they could hardly say this about Mr. Goldberg, who was formerly special counsel for the AFL-CIO, as well as counsel for the Steelworkers' Union, and until recently secretary of labor in Mr. Kennedy's Cabinet.

That's why official Washington hoped for an acceptance of the proposal by both sides, but union leaders preferred some other way.

But even a temporary avoidance of a strike would leave untouched the main issue — the right of a national labor union at any time to tie up the railway traffic of the country indefinitely and seriously damage the pocketbooks of the "innocent bystanders."

Today In History

Today is Thursday, July 11, the 192nd day of 1963. There are 173 days left in the year.

Today's highlight in history:

On this date in 1798, Congress created the present U.S. Marine Corps under the control of the Navy Department. Marines had first been organized in 1740 when three regiments were recruited in New York to serve under the British flag. The first Marines to serve the colonies were organized in 1775 by the Continental Congress.

On this date:

In 1836, the U.S. Treasury required collectors of public revenues to accept only gold and silver—an action which hastened the panic of 1837.

In 1921, the U.S. forbade ships to bring liquor within three miles of the nation's coast.

In 1937, death came to American composer, George Gershwin.

In 1955, Everett Frederic Morrow of New Jersey became the first Negro to serve on the executive staff of President Dwight D. Eisenhower.

Ten years ago: U.S. gen. Alfred Gruenther formally took over as supreme commander of Allied forces in Europe, succeeding Gen. Matthew Ridgway—also of the U.S.

One year ago: The Kennedy administration announced a revision of federal tax depreciation schedules which were expected to have the effect of a $1.5 billion cut in business taxes the first year.

Convicted Bank Robber Seeking Reduced Term

CLEVELAND (AP) — A Cleveland man who robbed a Warren bank of $71,000 and was sentenced to 25 years in prison has filed a petition by mail asking that his term be reduced to 20 years.

The petition of Julius A. Petro was received Wednesday from the federal prison at Atlanta, Ga., where he is confined. Petro and Joseph J. Sanzo, also of Cleveland, were convicted in December 1952 of robbing the Union Savings and Trust Co. on Aug. 14, 1952. Sanzo is serving a 15-year term.

Petro asserts the law provides a 25-year term only where there are charges of assault or placing lives in jeopardy, and that his case involved only obtaining money by force and fear. A 29-year sentence for that charge, with time off for good behavior, would entitle him to release now, he said.

West Germany Seeks Fleet Of Submarines

LONDON (AP) — Allied diplomats say West Germany wants permission for a fleet of hunter-killer submarines of up to about 1,000 tons as the next step in rearmament.

Bonn's defense chiefs also are reported making plans to eventually build a fleet of ocean-going attack submarines of up to 1,700 tons for the first time since World War II. Informants said construction facilities are being prepared at Kiel.

a two-day windup session of the General Assembly that finished regular work June 28 without passing a fair housing measure.

The legislature Wednesday completed passage of bills to:

Authorize transfer of about two acres of state-owned land to the trade club of Logan as a site for a Goodyear Tire & Rubber Co. building. Containing an emergency clause, the act will be effective upon signing by the governor.

Exempt from taxation equipment installed by industry to combat air pollution.

Increase fees for notary public commissions from $1 to $2 for those good in a single county, and from $3 to $5 for those issued to attorneys.

Both Houses adopted a resolution inviting the National Governors' Conference to meet in Cleveland next year. The annual 1963 session will open later this month in Miami Beach, Fla.

Gov. James A. Rhodes, state officials, legislators and representatives of the Cleveland Chamber of Commerce plan to present the resolution at the Florida meeting.

Other adopted resolutions called for studies on mental health needs, Blue Cross hospital operations and the sequence of issuing bonds under the $250 million capital improvements bond issue going before voters at the polls next November.

Senators confirmed the appointment of Sharon D. Bresler of Lima as a member of the Water Pollution Control Board for a term ending next Oct. 1 along with 41 earlier appointments.

The Senate kept alive a house-passed bill to increase the markup limit on liquor from 30 to 35 per cent. The state now takes a 28 per cent markup, but administration spokesmen said they wanted the higher limit as an additional revenue source in event of emergencies.

Hearings Slated For 2 Men Cited In Entering Case

Hearings are scheduled Tuesday morning in Municipal Court for two men accused of the attempted burglary of an inhabited dwelling in the night season.

At the request of Atty. George Aronson, Judge Samuel M. Chertoff granted continuances this morning until Tuesday for Frank M. Duncan, 27, of 1235 St. George St., and James E. Buzzard of R. D. 2.

Both entered not guilty pleas through their counsel. Their bonds of $1,000 each were continued.

Duncan and Buzzard were arrested at 3:45 a. m. Sunday by Patrolman Paul E. Carter, who discovered the attempted breaking and entering at the home of Margaret Bailey on Dresden Ave. Ext.

The intruders tore the screen off a rear door and opened the door itself, although nothing apparently was taken, police said.

Report Given For Vocalists

A report on the international competition held last weekend at Toronto, Canada, was given at the meeting of the East Liverpool SPEBSQSA Chapter Monday night in the Elks Club ballroom.

Dean Manning, chapter representative, said 40 quartets and 15 choruses participated. The local Colonials Quartet, which came in ninth, was commended for making the top 10 list of the continent.

The Town and Country Four of Pittsburgh, which came in first, is engaged to headline the Sweet Adeline Parade in October at Westgate School.

The Nighthawks of London, Ont., were second place winners and the Sidewinders of Riverside, Calif., were third. The Four Rascals of Bedford, Mass., which won fifth place, will be the featured quartet for the barbershop parade in March.

In the chorus competition, the group from Pekin, Ill., came in first, with the Buckeye Chapter of Columbus, taking eighth.

Attending from here were the Colonials — James Raffle, Chuck Brooks, Dale Keddie and Bill Brooks — and Mr. and Mrs. Manning.

Glenn Hart, president, conducted business. Bill Thomas read the minutes and Sam Wolfe, the financial report. The group voted to purchase a typewriter.

The area visitation program is set for July 29 at Toronto. Guest chapters will include Cambridge, Sebring, Steubenville and East Liverpool.

Glenn Woods directed a practice session. Next meeting is Monday.

4 Secretaries Attend Kent School Program

LISBON — Four Columbiana County school secretaries returned Wednesday after attending a secretarial workshop Monday and Tuesday at Kent State University at Kent.

They included Miss Phyllis Hadley of the county school office; Miss Jackie Truzzi of Lisbon's Lincoln School, Miss Marilyn Seigler of Salineville, Southern Local secretary, and Mrs. Mildred Emmerling, Beaver Local secretary.

Integration

child, a 20-year-old son who attends Benedict College, a Baptist school for Negroes in Columbia.

Miss Monteith ranked at the top of her class scholastically when she was graduated in 1962 from St. Francis De Sales High School, a private school at Powatan, Va.

Judge Martin's rulings in Miss Monteith's case and the parks suit accepted both as class actions. This would prohibit any Negro from being denied admission to the parks or the university solely because of race or color.

Martin's second order enjoined the State Forestry Commission from discriminating against Negroes in using state parks solely because of their race.

In delaying integration of the parks for 60 days, the judge said: "The court cannot ignore the fact that long standing customs are not changed without planning, education, leadership, and foresight."

Lincoln Jenkins, Columbia lawyer for the Negro plaintiffs in the suit, said he was generally satisfied with the ruling but would have preferred that the order had called for immediate integration of the parks.

Continuance Set On Hearing For Auto Theft Case

Herbert Virgil Mellott, 21, of W. 8th St. was granted a second continuance this morning in Municipal Court in a hearing on a charge of auto theft.

When Mellott appeared before Judge Samuel M. Chertoff this morning, he told the court he had been unable to secure counsel and asked the court to appoint a lawyer.

After the judge explained Municipal Court is now empowered with authority to appoint counsel, Atty. George Aronson advised the court he would be willing to represent Mellott.

Following a brief recess, Atty. Aronson requested a continuance until Monday and entered a not guilty plea. Mellott's bond of $1,000 also was continued.

Mellott was arrested Saturday on a charge of taking the 1953 sedan of Edward H. Pysniak of Hammondsville.

$1 Billion Cut Off Cost At Pentagon

WASHINGTON (AP) — Secretary of Defense Robert S. McNamara said today his cost reduction program clipped $1 billion from Pentagon spending during the fiscal year just ended.

This, McNamara told President Kennedy in a memorandum, was $250 million more than he estimated could be saved a year ago.

And he also reported that plans for the current and following fiscal years would bring total savings to almost $4 billion within five years instead of the originally estimated $3 billion.

The savings have been in logistic—supply—costs and "have not in any way been achieved at a sacrifice of national security," McNamara wrote.

On the contrary, he listed increases in combat capability which he said have been obtained during the past two years. They had been disclosed in various prevoius announcements.

Among them he mentioned:

An increase of 100 per cent in the number of nuclear warheads for strategic warfare forces; a 60 per cent increase in tactical nuclear forces deployed in Western Europe; a 48 per cent increase in the number of combat-ready Army divisions; a 30 per cent expansion in the number of air tactical squadrons, and a 200 per cent increase in special forces for dealing with guerrilla-type threats.

McNamara said the savings resulted from "improvements in operating efficiency," a point on which he has placed heavy emphasis since he came to the Pentagon from the motor manufacturing industry in 1961.

The defense chief called a late morning news conference to discuss his report to the President with reporters.

One reduction discussed by McNamara involved what he called "buying only what we need." He said a restudy of the military's requirements had enabled the department to cancel $700-million worth of procurement which had been planned, by reducing buying for inventories. During fiscal 1963, he said, almost $1.2 billion in excess inventories was redistributed to military users for current consumption or mobilization reserve stocks.

He figured that $12 billion is invested in excess stocks and said a central clearing house, with headquarters at Battle Creek, Mich., will have a complete inventory by the end of this calendar year.

McNamara also had some comments on one of his favorite topics, "goldplating" — procurement of equipment and weapons which otherwise could be bought cheaper but provide the same usefulness. Some examples cited: A specially designed "mechanical mule" for opening and closing the heavy hatches on the Minuteman missile silo cost $555,000 but a commercial hydraulic device costs $80,000; a lift truck for Navy Subroc antisubmarine missiles costs $2,480 under original design, but came down to $385 when an ordinary mechanical lifting device was substituted.

More procurement through contract competition is sound policy, said McNamara, although he noted that in some instances this was complicated by the need for specialized military items. He estimated that in the first 10 months of fiscal 1963 savings from competitive procurement contracts totaled $195 million. He cited this example: A man-pack radio cost $2,278 under noncompetitive price, $843 under competitive price.

Retaining no longer needed real estate has been one of the largest hidden costs in defense operations, McNamara said. Over the past two years, he said, the Pentagon has initiated action at more than 400 locations in the United States and overseas to get rid of or consolidate installations.

Real estate returned to civilian use under this program will total 265,905 acres, McNamara wrote; industrial plants which can be used for commercial work will total 54; personnel being released or assigned to other places because of closing or consolidation will total 53,310; annual operating savings for the past two years have totaled $316 million and annual savings should increase to almost $450 million during the next two years.

27 Indictments Cite Cuyahoga's Recorder

CLEVELAND (AP) — A county grand jury returned 27 indictments today against Cuyahoga County Recorder Frank S. Day.

Prosecutor John T. Corrigan said four counts accused Day of forging checks, four of passing the forged checks, four of receiving money fraudulently from a county payroll and 15 charged him with certifying a fraudulent payroll on which county paychecks were issued.

Corrigan said the indictments involved phony checks made out to a man who never worked for the county and the county salary of a deputy recorder who spent considerable time working around Day's Parma Heights home.

Legislature

a two-day windup session of the General Assembly that finished regular work June 28 without passing a fair housing measure.

The legislature Wednesday completed passage of bills to:

Authorize transfer of about two acres of state-owned land to the trade club of Logan as a site for a Goodyear Tire & Rubber Co. building. Containing an emergency clause, the act will be effective upon signing by the governor.

Exempt from taxation equipment installed by industry to combat air pollution.

Increase fees for notary public commissions from $1 to $2 for those good in a single county, and from $3 to $5 for those issued to attorneys.

Both Houses adopted a resolution inviting the National Governors' Conference to meet in Cleveland next year. The annual 1963 session will open later this month in Miami Beach, Fla.

Gov. James A. Rhodes, state officials, legislators and representatives of the Cleveland Chamber of Commerce plan to present the resolution at the Florida meeting.

Other adopted resolutions called for studies on mental health needs, Blue Cross hospital operations and the sequence of issuing bonds under the $250 million capital improvements bond issue going before voters at the polls next November.

Senators confirmed the appointment of Sharon D. Bresler of Lima as a member of the Water Pollution Control Board for a term ending next Oct. 1 along with 41 earlier appointments.

The Senate kept alive a house-passed bill to increase the markup limit on liquor from 30 to 35 per cent. The state now takes a 28 per cent markup, but administration spokesmen said they wanted the higher limit as an additional revenue source in event of emergencies.

Hearings Slated For 2 Men Cited In Entering Case

Hearings are scheduled Tuesday morning in Municipal Court for two men accused of the attempted burglary of an inhabited dwelling in the night season.

At the request of Atty. George Aronson, Judge Samuel M. Chertoff granted continuances this morning until Tuesday for Frank M. Duncan, 27, of 1235 St. George St., and James E. Buzzard of R. D. 2.

Both entered not guilty pleas through their counsel. Their bonds of $1,000 each were continued.

Duncan and Buzzard were arrested at 3:45 a. m. Sunday by Patrolman Paul E. Carter, who discovered the attempted breaking and entering at the home of Margaret Bailey on Dresden Ave. Ext.

The intruders tore the screen off a rear door and opened the door itself, although nothing apparently was taken, police said.

Report Given For Vocalists

A report on the international competition held last weekend at Toronto, Canada, was given at the meeting of the East Liverpool SPEBSQSA Chapter Monday night in the Elks Club ballroom.

Dean Manning, chapter representative, said 40 quartets and 15 choruses participated. The local Colonials Quartet, which came in ninth, was commended for making the top 10 list of the continent.

The Town and Country Four of Pittsburgh, which came in first, is engaged to headline the Sweet Adeline Parade in October at Westgate School.

The Nighthawks of London, Ont., were second place winners and the Sidewinders of Riverside, Calif., were third. The Four Rascals of Bedford, Mass., which won fifth place, will be the featured quartet for the barbershop parade in March.

In the chorus competition, the group from Pekin, Ill., came in first, with the Buckeye Chapter of Columbus, taking eighth.

Attending from here were the Colonials — James Raffle, Chuck Brooks, Dale Keddie and Bill Brooks — and Mr. and Mrs. Manning.

Glenn Hart, president, conducted business. Bill Thomas read the minutes and Sam Wolfe, the financial report. The group voted to purchase a typewriter.

The area visitation program is set for July 29 at Toronto. Guest chapters will include Cambridge, Sebring, Steubenville and East Liverpool.

Glenn Woods directed a practice session. Next meeting is Monday.

4 Secretaries Attend Kent School Program

LISBON — Four Columbiana County school secretaries returned Wednesday after attending a secretarial workshop Monday and Tuesday at Kent State University at Kent.

They included Miss Phyllis Hadley of the county school office; Miss Jackie Truzzi of Lisbon's Lincoln School, Miss Marilyn Seigler of Salineville, Southern Local secretary, and Mrs. Mildred Emmerling, Beaver Local secretary.

Integration

child, a 20-year-old son who attends Benedict College, a Baptist school for Negroes in Columbia.

Miss Monteith ranked at the top of her class scholastically when she was graduated in 1962 from St. Francis De Sales High School, a private school at Powatan, Va.

Judge Martin's rulings in Miss Monteith's case and the parks suit accepted both as class actions. This would prohibit any Negro from being denied admission to the parks or the university solely because of race or color.

Martin's second order enjoined the State Forestry Commission from discriminating against Negroes in using state parks solely because of their race.

In delaying integration of the parks for 60 days, the judge said: "The court cannot ignore the fact that long standing customs are not changed without planning, education, leadership, and foresight."

Lincoln Jenkins, Columbia lawyer for the Negro plaintiffs in the suit, said he was generally satisfied with the ruling but would have preferred that the order had called for immediate integration of the parks.

Continuance Set On Hearing For Auto Theft Case

Herbert Virgil Mellott, 21, of W. 8th St. was granted a second continuance this morning in Municipal Court in a hearing on a charge of auto theft.

When Mellott appeared before Judge Samuel M. Chertoff this morning, he told the court he had been unable to secure counsel and asked the court to appoint a lawyer.

After the judge explained Municipal Court is now empowered with authority to appoint counsel, Atty. George Aronson advised the court he would be willing to represent Mellott.

Following a brief recess, Atty. Aronson requested a continuance until Monday and entered a not guilty plea. Mellott's bond of $1,000 also was continued.

Mellott was arrested Saturday on a charge of taking the 1953 sedan of Edward H. Pysniak of Hammondsville.

$1 Billion Cut Off Cost At Pentagon

WASHINGTON (AP) — Secretary of Defense Robert S. McNamara said today his cost reduction program clipped $1 billion from Pentagon spending during the fiscal year just ended.

This, McNamara told President Kennedy in a memorandum, was $250 million more than he estimated could be saved a year ago.

And he also reported that plans for the current and following fiscal years would bring total savings to almost $4 billion within five years instead of the originally estimated $3 billion.

The savings have been in logistic—supply—costs and "have not in any way been achieved at a sacrifice of national security," McNamara wrote.

On the contrary, he listed increases in combat capability which he said have been obtained during the past two years. They had been disclosed in various prevoius announcements.

Among them he mentioned:

An increase of 100 per cent in the number of nuclear warheads for strategic warfare forces; a 60 per cent increase in tactical nuclear forces deployed in Western Europe; a 48 per cent increase in the number of combat-ready Army divisions; a 30 per cent expansion in the number of air tactical squadrons, and a 200 per cent increase in special forces for dealing with guerrilla-type threats.

McNamara said the savings resulted from "improvements in operating efficiency," a point on which he has placed heavy emphasis since he came to the Pentagon from the motor manufacturing industry in 1961.

The defense chief called a late morning news conference to discuss his report to the President with reporters.

One reduction discussed by McNamara involved what he called "buying only what we need." He said a restudy of the military's requirements had enabled the department to cancel $700-million worth of procurement which had been planned, by reducing buying for inventories. During fiscal 1963, he said, almost $1.2 billion in excess inventories was redistributed to military users for current consumption or mobilization reserve stocks.

He figured that $12 billion is invested in excess stocks and said a central clearing house, with headquarters at Battle Creek, Mich., will have a complete inventory by the end of this calendar year.

McNamara also had some comments on one of his favorite topics, "goldplating" — procurement of equipment and weapons which otherwise could be bought cheaper but provide the same usefulness. Some examples cited: A specially designed "mechanical mule" for opening and closing the heavy hatches on the Minuteman missile silo cost $555,000 but a commercial hydraulic device costs $80,000; a lift truck for Navy Subroc antisubmarine missiles costs $2,480 under original design, but came down to $385 when an ordinary mechanical lifting device was substituted.

More procurement through contract competition is sound policy, said McNamara, although he noted that in some instances this was complicated by the need for specialized military items. He estimated that in the first 10 months of fiscal 1963 savings from competitive procurement contracts totaled $195 million. He cited this example: A man-pack radio cost $2,278 under noncompetitive price, $843 under competitive price.

Retaining no longer needed real estate has been one of the largest hidden costs in defense operations, McNamara said. Over the past two years, he said, the Pentagon has initiated action at more than 400 locations in the United States and overseas to get rid of or consolidate installations.

Real estate returned to civilian use under this program will total 265,905 acres, McNamara wrote; industrial plants which can be used for commercial work will total 54; personnel being released or assigned to other places because of closing or consolidation will total 53,310; annual operating savings for the past two years have totaled $316 million and annual savings should increase to almost $450 million during the next two years.

Key Suspect Gives Self Up In Death Case

CLEVELAND (AP)—Alex (Shondor) Birns, Cleveland rackets figure who had been sought for questioning in the gangland-style slaying of investment promotor Mervin L. Gold, reportedly surrendered to authorities today.

Radio station KYW said Birns surrendered on the east side after setting up a rendezvous with sheriff's deputies. The sheriff could not be reached immediately.

Police have a number of questions to ask Birns about the sensational slaying of Gold, who had linked Birns to his twisted financial dealings.

Police want to know:

(1) How the 58-year-old hoodlum hurt his right hand, on which he was using gauze compresses at a Toledo motel last weekend. They quoted Birns as telling a chambermaid: "I was trying to be a kid on the Fourth of July. I lit a firecracker and got burned."

(2) Why did he apparently abandon the car he drove to Toledo, where he spent several days at the Town House Motel, and why did he leave there Tuesday without taking his luggage or clothing?

Dr. Lawrence Raymond of Toledo early today told a reporter he had treated Birns for the hand injury. He said Birns had called him to the motel Saturday and told him the hand was mangled in a car door. The doctor said he was the physician for the motel.

The 33-year - old Gold, twice convicted on fraud charges, had left with his wife an affidavit with instructions to turn it over to authorities if he met with foul play. Mrs. Gold has been given police protection after expressing fears for her life.

The affidavit said stolen Canadian bonds Gold posted as collateral for loans at two Cleveland banks were given to him as security on a loan by Birns.

Gold's body was found stuffed in the trunk of his car in suburban Solon Monday night. The bones in his hands had been broken, he had been strangled and three shots were fired into his head and one into his back.

Gold had been convicted of using $55,000 worth of stolen bonds for bank loans in one of two trials in his financial dealings.

As of Wednesday night, no warrant for Birns' arrest had been issued. Police in Toledo dropped out of the case, although the FBI continued searching the Toledo area. It wants to question Birns about the stolen bonds.

Lt. Carl Delau of the Homicide Division of the Cleveland Detective Bureau said a tipster had given information that Birns was seen in an automobile headed east on the Ohio Turnpike.

Communist Negotiators Fail To Meet

MOSCOW (AP) — Soviet and Chinese negotiators failed to appear today at the hilltop villa where they have been debating their ideological differences.

Normally the two delegations arrive in black limousines shortly before 10 a.m. but today there was no sign of them and no immediate explanation of their failure to appear.

Western observers speculated that the talks, which have been in progress at the villa much of the time since the Chinese arrived last Friday, may have been recessed again.

There was a recess on Tuesday, reportedly because the Chinese were awaiting instructions from Peking following an attack on the Chinese by the Soviet Communist party central committee. Some Russians appeared at the villa Tuesday, but the Chinese did not. Today, neither the Russians nor the Chinese came.

Neither the Chinese embassy nor headquarters of the Soviet Communist party would make any comment about what might be happening today.

But the Soviet news agency Tass announced that Premier Khrushchev and Hungarian Communist party chief Janos Kadar had a conference in the Kremlin this morning. Details were not released, but the Peking-Moscow ideological quarrel was undoubtedly a prime topic of discussion.

Tass said Khrushchev was flanked by Soviet President Leonid Brezhnev, First Deputy Premier Anastas Mikoyan and others.

Women's Programs Slated For 3 Dates At County's Fair

LISBON — Special women's programs are planned at the 118th annual Columbiana County Fair Aug. 22-26, according to arrangements made at a meeting of the Fair Board Wednesday night.

Mrs. Fred Schoeni, chairman of the committee consisting of fair board member's wives, and Mrs. Dixie Saltsman, assistant county agent in home economics, said the programs are slated Aug. 23, 24 and 26.

Two hostesses from various home demonstration groups will present the programs.

The daily schedule calls for a "Help for Home Sewing" program at 11 a. m., "Freezing and Preserving" at 1:30; "Slick Tricks for the Home" at 2:30 and "Quick Meals" at 6:30 p. m.

Chairs will be provided for those attending the demonstrations.

In other action, the board canceled a parade originally planned in front of the grandstand Aug. 25, and permitted the Junior Fair Committee to withdraw steers from a parade set for the night of the steer auction.

Robert Kelm was granted permission to house at the fairgrounds 25 horses and men of the reactivated Virginia cavalry unit which will participate in a Morgan's Raid program July 26.

As of Wednesday night, no warrant for Birns' arrest had been issued. Police in Toledo dropped out of the case, although the FBI continued searching the Toledo area. It wants to question Birns about the stolen bonds.

Lt. Carl Delau of the Homicide Division of the Cleveland Detective Bureau said a tipster had given information that Birns was seen in an automobile headed east on the Ohio Turnpike.

Communist Negotiators Fail To Meet

MOSCOW (AP) — Soviet and Chinese negotiators failed to appear today at the hilltop villa where they have been debating their ideological differences.

Normally the two delegations arrive in black limousines shortly before 10 a.m. but today there was no sign of them and no immediate explanation of their failure to appear.

Western observers speculated that the talks, which have been in progress at the villa much of the time since the Chinese arrived last Friday, may have been recessed again.

There was a recess on Tuesday, reportedly because the Chinese were awaiting instructions from Peking following an attack on the Chinese by the Soviet Communist party central committee. Some Russians appeared at the villa Tuesday, but the Chinese did not. Today, neither the Russians nor the Chinese came.

Neither the Chinese embassy nor headquarters of the Soviet Communist party would make any comment about what might be happening today.

But the Soviet news agency Tass announced that Premier Khrushchev and Hungarian Communist party chief Janos Kadar had a conference in the Kremlin this morning. Details were not released, but the Peking-Moscow ideological quarrel was undoubtedly a prime topic of discussion.

Tass said Khrushchev was flanked by Soviet President Leonid Brezhnev, First Deputy Premier Anastas Mikoyan and others.

Newlyweds Are Residing In East After Honeymoon

MRS. ROBIN LAKE
Married On June 27.

Mr. and Mrs. Robin Lake, who were married in ceremonies June 27, are residing at Cambridge, Mass., after a honeymoon in Nassau.

The bride is the daughter of Mr. and Mrs. Jack M. Shaw, 2367 5th Ave., Youngstown. Her father is the owner of the Shaw Jewelry Co. here.

The bridegroom is the son of Mr. and Mrs. Ben Lake, 3170 Halsy Dr., Warren.

The wedding took place at the home of the bride's parents, with white marquees amid the flower gardens at the home providing a summery sanctuary for the event.

Pink and white geraniums and petunias predominated in the garden blooms, while within the canopy on the lower terrace, the archway and adjoining marquee on the upper terrace were pink and white asters, daisies and delphiniums amid cool green foliage.

White posts along the bridal aisle, leading from the patio to the canopy of white and pink asters, daisies and huckleberry foliage, were entwined with smilax and pink gladioli. Topiary trees of the asters and white delphiniums were at either side of a background of evergreens, and tapers lighted in twin candelabra illuminated the scene.

Escorted and given in marriage by her father, the bride wore a gown of ivory silk peau de soie, designed in classical lines and having Alencon lace sleeves. Her illusion veil floated from a silken bandeau and she carried a bouquet of white orchids.

A maid of honor, Miss Alva Katz of Troy, N.Y., and three bridesmaids, Miss Mary Louise Milliron, Miss Dianne Phillips and Miss Dian Goldston of Cambridge, Mass., were costumed identically. Their pink silk linen sheaths had bouffant side panels trimmed with tiny pink satin bows and they carried colonial bouquets of silk sweetheart roses and white daisies. Completing their costumes were matching pink bandeaux.

Gilbert Staffend of Long Island, N.Y., was his former college classmate's best man and ushers were the bride's brother, Norman Shaw, Thomas Follett of Cleveland and William Pollock of Cambridge, Mass., also former classmates. Rabbi Harold Schechter officiated at 7 o'clock. Music for the ceremony and during the supper and reception was by the Alvin Myerovich string ensemble.

Smilax and hanging flower baskets festooned the poles of the marquee where the buffet table for supper featured hurricane lamps, pink snapdragons, roses and pompons.

All tables were skirted in white organdie, and at the guests' tables white votive candles in wrought iron holders encircled with pink daisies and white pompons were centered on wicker mats. Daisies and rosebuds on the cake table continued the summer garden theme.

The former Miss Shaw was graduated cum laude from the Emma Willard School at Troy, N.Y., and is an honor student in the junior class at Wellesley College where she will resume her studies this fall.

The bridegroom is a teaching fellow at Harvard University in the Department of Biology and the Division of Engineering. The bridegroom is the son of Mr. and Mrs. Ben Lake, 3170 Halsy Dr., Warren.

The wedding took place at the home of the bride's parents, with white marquees amid the flower gardens at the home providing a summery sanctuary for the event.

Pink and white geraniums and petunias predominated in the garden blooms, while within the canopy on the lower terrace, the archway and adjoining marquee on the upper terrace were pink and white asters, daisies and delphiniums amid cool green foliage.

White posts along the bridal aisle, leading from the patio to the canopy of white and pink asters, daisies and huckleberry, foliage, were entwined with smilax and pink gladioli. Topiary trees of the asters and white delphiniums were at either side of a background of evergreens, and tapers lighted in twin candelabra illuminated the scene.

Corvair 700 Club Coupe

The hardest part about parking a Corvair is finding a nickel

That may be a slight overstatement, but such jauntiness comes easily when you're a Corvair owner.

And you can usually back it up—as easily as you can back up a Corvair. You'll find yourself doing that occasionally, if only to adjust the brakes—they're *self-adjusting*. That's all there is to it, and that's a good example of how delightfully easy Corvair is to own, drive and maintain.

But since we began by talking about driving, let's stick with that awhile. A large factor in the fun of driving a Corvair is the location of its engine in the rear. Why the rear? It gives Corvair extra traction on any road surface. It provides a nearly flat floor for more useable interior space. Best of all, it produces steering so light, so responsive, you wonder why no other American-made car thought of it.

Corvair's engine is also air cooled, we might add, which means there's no antifreeze or water for you to add. Ever.

All that pleasure from something so practical almost makes you think Corvair is unique among American cars. Which isn't surprising, because it is!

PHILADELPHIA (AP) — Jay Cooke, 66, onetime Republican candidate for the U.S. Senate from Pennsylvania, a former Philadelphia Republican city chairman and prominent in state GOP politics for many years, died Wednesday.

Ceremonial Friday To Close Sessions Of Camp Fire Girls

Parents, board members and other visitors have been invited to attend the special closing ceremonial for the Camp Fire Girls' camp Friday afternoon at 1:30 at Bryan Recreation Center in Dixonville.

Members of the final camping session will receive camp craft honors and other awards.

The ceremonial will begin with a grand processional by all the campers and a fire lighting ceremony by the Junior High unit. The Credo for Camp Fire Girls will be presented by members of the sixth grade unit.

All campers will unite to sing special camp fire songs. The presentation of awards will be made by the camp councilors.

Mrs. Robert Bernstorf, director, will have charge of the ceremonial, assisted by Mrs. Kenneth Malone, Mrs. Russell Gongaware, Mrs. Virgil Smith, Mrs. Crawford Price, Mrs. Harry Faulk, Miss Madelon Schlang, Miss Judy Shasteen, Miss Marilee Mason and Miss Judi Manypenny.

Miss Betsy Bell, home economist of the Ohio Valley Gas Co., served as cooking consultant; Mrs. Eugene Seeley, nature advisor; Mrs. Letitia Hammon, maintenance, and Mrs. Dan Henderson, administrative assistant, as director of the craft program.

A special training event, "Let's Go Group Camping," will be held at the Bryan Center in August, to assist leaders and girls to explore the benefits of group camping activities.

The program, which will be promoted by the camping committee of the East Liverpool Area Camp Fire Girls, will have Mrs. Seeley as trainer.

Council At Wellsville Sets Action On Budget

Wellsville City Council will hold a special meeting Saturday night at 7:30 to act on the 1964 budget.

A public hearing will be held on the budget Monday. It will be on file at the office of City Auditor Edgar S. Davidson for anyone who wishes to examine it.

The budget will be presented by Councilman Donald E. Miller, finance chairman. Council will hold its regular meeting Tuesday night at 7:30. It will reconsider a proposal to establish the posts of parking meter attendants.

The proposal, made by Mayor William Daugherty, calls for reduction of the police force by one man and the addition of two parking meter attendants.

120 Scouts In County Sign In Camp Session

LISBON — A total of 120 boys have registered for the fourth week of camping at Camp Twin Spruce at Leesville Lake, which will begin Sunday noon, according to Bennett Taylor, executive director of Columbiana Boy Scout Council.

The troops scheduled to use the camp, listed with their sponsors, are: Troop 20, Wellsville Presbyterian Church; Troop 3, Salem United Presbyterian Church; Troop 39, Unity Grange; Troop 49, Lawrenceville fire department, and Troop 44, East Palestine Methodist Church.

At the conclusion of next week's session, three weeks of summer camping will remain, Taylor said.

Salineville Lists $170 In Awards At Fete's Parade

SALINEVILLE — Prizes totaling over $170 will be awarded to winners in the annual parade of the Salineville Firemen's Homecoming fete Friday night, Joe Knight, general chairman, announced today.

Awards will be given for best equipment, oldest truck, longest distance traveled, best marching units, best drill unit and in other categories.

The procession will move at 7:30 after forming at the Pennsylvania Railroad station, and head through town along Main St. The reviewing stand will be located at the grade school building. Cleo Mellott is parade marshal.

The Salineville High School band will be among musical groups.

Over 50 units are registered to take part in the parade, Knight said.

The celebration, which opened Monday, will close Saturday. Amusement rides, concessions and other entertainment are featured in the fete at the Hart Motor Co. grounds.

Proceeds from the annual event are used for fire equipment.

French To Pay Most Of Its Foreign Debt

PARIS (AP)—The French government has decided to re-pay more than $200 million of its foreign debt before it is due. Most of the money probably will go to the United States.

Information Minister Alain Peyrefitte announced the decision Wednesday after the weekly cabinet meeting. No details were given.

Survey Will List Purchase Plans

Questions on families' plans to buy auto, houses and major household appliances will be asked in addition to regular monthly inquiries on employment and unemployment in the Census Bureau's current population survey next week, it was announced today by Hobert A. Yerkey, director of the Census Bureau's regional office at Detroit.

In April, consumers reported that they expected to buy about the same number of new cars, fewer used cars, and about the same number of new houses in the following 12 months as in a similar survey made in April 1962.

Families included in the current population survey here and in 356 other areas of the country are scientifically chosen to provide a representative sample of the nation's population.

John Leyerzaph of Sarasota, Fla., will captain the West Point tennis team in 1964.

Corvair 700 Club Coupe

The hardest part about parking a Corvair is finding a nickel

That may be a slight overstatement, but such jauntiness comes easily when you're a Corvair owner.

And you can usually back it up—as easily as you can back up a Corvair. You'll find yourself doing that occasionally, if only to adjust the brakes—they're *self-adjusting*. That's all there is to it, and that's a good example of how delightfully easy Corvair is to own, drive and maintain.

But since we began by talking about driving, let's stick with that awhile. A large factor in the fun of driving a Corvair is the location of its engine in the rear. Why the rear? It gives Corvair extra traction on any road surface. It provides a nearly flat floor for more useable interior space. Best of all, it produces steering so light, so responsive, you wonder why no other American-made car thought of it.

Corvair's engine is also air cooled, we might add, which means there's no antifreeze or water for you to add. Ever.

All that pleasure from something so practical almost makes you think Corvair is unique among American cars. Which isn't surprising, because it is!

president of the AFL-CIO Brotherhood of Railroad Trainmen, and Louis J. Wagner, president of the independent Order of Railway Conductors and Brakemen.

The heads of the three other rail unions left Washington late Wednesday. They are to be represented by top aides at today's meeting.

Kennedy's appointment of the special study committee, the climax of a day of intense activity in the White House, was his second surprise announcement in the rail dispute in two days.

On Tuesday the President had recommended arbitration of the work rules dispute by Supreme Court Justice Arthur J. Goldberg, a former labor lawyer and Kennedy's former secretary of labor.

Union rejection of the proposal —the carriers accepted—touched off Wednesday's activity in the executive mansion.

Declaring they had no objections to Goldberg—the unions told the President at 10 a.m. they couldn't go for the principle of binding arbitration.

Kennedy did not indicate what kind of legislation he might ask as a result of the proposed study —if no agreement is reached. A Capitol Hill source said, however, the President would propose an amendment to the Railway Labor Act providing for compulsory arbitration.

J. E. Wolfe, chief negotiator for the railroads, said it is the carriers' understanding that the dispute will be settled one way or the other by July 29. He said he did not think further collective bargaining is contemplated.

Luna and Wagner held a news conference in which they said they were glad they could accept Kennedy's proposal. They said they were hopeful a complete restudy of the facts in the dispute would bring out more sentiment in their favor.

Luna commented that the new committee will only review the situation. He said the unions would be agreeable to renew negotiations with the carriers at any time.

On Capitol Hill, Senate Republican Leader Everett M. Dirksen of Illinois said GOP members of Congress would fight vigorously any move for federal seizure of railroads or compulsory arbitration.

Other congressional leaders also made it clear they hope they will not have to deal with the problem of legislating a solution to the railroad controversy.

The work rule changes the carriers want to institute would eliminate some 65,000 jobs, about 40,000 of them firemen's. The unions contend the jobs are necessary to ensure safe operations.

He said Council provided $361 for the park last year.

Chaney said inasmuch as a vote on the pool was approved three years ago, he felt the residents of the community were entitled to another consideration.

A proposal for a levy to build a $60,000 pool was approved, 803 to 730, in June 1960, but because the levy was designated as a charge per family instead of in terms of mills, the issue was ruled invalid for legal reasons.

Chaney said he wanted to study the commission's letter further before commenting.

Dickey said the commission felt there is a top need to pay off the outstanding debts, totaling $4,749, largely incurred through construction of the community building at the park and its equipment.

Gilbert Collions, caretaker, is working at the park without pay, with the understanding that when money is available he will be reimbursed, Dickey said.

There are no funds available for routine maintenance expenses —about $1,000 is needed — and there is no depreciation fund, Dickey said, to provide for replacement of wornout equipment.

"We are badly in need of additional picnicking facilities," the chairman stated, saying the two present areas are generally filled, and people complain about it.

He said advance registration is needed for the picnic tables, but many families simply use them without notifying him. Registration should be made with Dickey at Floyd Cleaners.

"The park is being used this year five times more than in previous years," he said.

The park has two ball fields and a playground in addition to the picnic areas.

A letter to be prepared notifying Council of the commission's stand.

Wiring of the refreshment stand at the park was authorized. The commission will meet again July 24.

smiled broadly. The boys, Lestow, 9, and Kristopher, 5, stretched.

Obacz, 34, said he flew the Polish-made trainer at 160 feet to keep under the radar screen and "I knew where the air defenses were so I had no trouble avoiding them."

Taken to a canteen for a meal, Obacz said: "I was tired of constant repression under communism. I had long wanted to get out. So do most service officers of my rank.

"It is wearying to have to always conceal your real opinions, to keep your mouth shut."

County Legion Group To Meet In Wellsville

Columbiana County American Legion Council will meet Friday at 8:30 p. m. at the newly-remodeled home of Wellsville Post 70.

Delegates who attended the recent American Legion Buckeye Boys' State will give reports. Final plans for the county Legion family picnic will be announced. The picnic will be Aug. 11 at Valley Park.

The Ohio legion convention will be held July 19-21 in Cleveland. The parade will move at 3 p. m. July 21. Several color guards from the county are planning to participate.

Junior Angus Group Will Stage Field Day

All 4-H Club members and Future Farmers of America members may attend. Trophies will be awarded to the 4-H member and to the FFA member receiving the highest score in the judging contest.

There also will be a trophy for the top team in both 4-H and FFA, according to Tom Rudebock, assistant county extension agent.

Ludwig's car wedged against the pole.

Mrs. Ludwig told police she was "going to make a right turn and the next thing she knew the truck was alongside her car." She related that she was certain the truck would hit her car, so she pushed out her small daughter and then jumped out the right door herself.

At the hospital, Mrs. Ludwig told police she was halted for the traffic light and started to pull out when it changed.

"That's when the truck hit me," she said.

There was heavy damage to both sides of Mrs. Ludwig's car and the windows were broken, police said.

Goodale was cited on a charge of failure to yield the right-of-way by Patrolman Jerry Adkins, who investigated.

Goodale is scheduled for a hearing Wednesday at 9 a. m. in Municipal Court.

A 19-year-old driver apparently escaped injury in another spectacular crash Wednesday at 3:16 p. m. on W. 8th St. near Edwards Ave. in which his auto leaped the curb, hit a utility pole and then struck the foundation of a home, police said.

The 1960 sedan driven by Charles A. Rinestine, 1378 Oakwood Ave., was damaged heavily on the left front fender, right rear door and roof, officers said. He was cited on a reckless driving charge.

Rinestine, who pleaded guilty before Municipal Judge Samuel M. Chertoff this morning, was fined $10 and costs.

Rinestine told police he was driving east on W. 8th St. and as he rounded the curve his car skidded, then spun around and crossed the roadway.

The car hurdled the curb, then slid down the sidewalk, hitting the utility pole and the wall at the home of George Emmerling, 947 W. 8th St., police said.

The mishap also damaged a fire call box mounted on the pole, police said. There was no apparent damage to the wall at the Emmerling home, officers said.

Another youth was cited after a collision on Park Way at the Thompson Park entrance at 10:17 a. m. Wednesday, police said.

The mishap involved a 1954 sedan driven by David Lampman, 20, of 3225 St. Clair Ave. and a 1954 model sedan driven by Gary W. Bailey, 17, of Dixonville, police said.

Bailey was cited into Juvenile Court on a reckless driving charge.

Lampman told police he was headed south on Park Way when Bailey's oncoming car, rounding a bend, crossed the center line and struck his car head-on. There was damage to the left front of each car, police said.

Another mishap at 5:13 p. m. yesterday on the River Rd. at State St. damaged two cars, police said.

It involved a 1960 two-door sedan driven by George J. Kireta, 20, of Toronto and a 1958 sedan operated by Kenneth Ashby, 42, of 945 St. George St., police said.

Kireta was cited on a charge of failure to yield the right-of-way.

Kireta pleaded guilty this morning in court and drew a fine of $10 and costs.

Kireta told police he failed to halt for a stop sign on State St. and hit Ashby's car, which was traveling west on River Rd.

The mishap damaged the left front fender of Kireta's car and the right rear panel of Ashby's, police said.

Father, 2 Daughters Killed In Car Wreck

GEORGETOWN, Ky. (AP) — Three persons were killed 18½ miles north of here Wednesday night when a car went out of control on U.S. 25, left the road and struck a tree.

The dead were identified as John Scitti, 78, of Hamilton, Ohio, and his two daughters, Romilda, 55, and Marcella, 49.

Their address was listed as 662 Franklin St., Hamilton.

Jury's Verdict Slated In Traffic Death Case

LISBON — A verdict is expected later today in the Common Pleas Court trial of Wayne Hillyer, 33, of Hanoverton, charged with second degree manslaughter in the death of a patron at a Hanoverton tavern which his auto hit in 1962.

Hillyer was on the witness stand this morning to testify in the trial, which began Monday before Judge Joel H. Sharp. Earl McIntosh was killed when the car rammed the Midway Tavern Jan. 13, 1962.

The defendant was to be the final witness in the trial and closing arguments were to follow his testimony.

Bailey was cited into Juvenile Court on a reckless driving charge.

Lampman told police he was headed south on Park Way when Bailey's oncoming car, rounding a bend, crossed the center line and struck his car head-on. There was damage to the left front of each car, police said.

Another mishap at 5:13 p. m. yesterday on the River Rd. at State St. damaged two cars, police said.

It involved a 1960 two-door sedan driven by George J. Kireta, 20, of Toronto and a 1958 sedan operated by Kenneth Ashby, 42, of 945 St. George St., police said.

Kireta was cited on a charge of failure to yield the right-of-way.

Kireta pleaded guilty this morning in court and drew a fine of $10 and costs.

Kireta told police he failed to halt for a stop sign on State St. and hit Ashby's car, which was traveling west on River Rd.

The mishap damaged the left front fender of Kireta's car and the right rear panel of Ashby's, police said.

House CommitteeResumes Work

WASHINGTON (AP) — In the news from Washington:

-:-

TAXES: The House Ways and Means Committee is going back to work on President Kennedy's tax cut bill, dampening speculation that it might be sidetracked by the growing fight over civil rights legislation.

Committee sources said the tax writers will begin Monday reviewing section by section, portions of the legislation already drafted. The key issue, how deep a rate reduction to recommend, remains open. So does the question of dividend taxation.

-:-

CHANGE UNLIKELY: The expected resignation of Rep. Homer Thornberry, D-Tex., from Congress is not likely to affect the administration's already unsteady grip on the House Rules Committee.

Thornberry has been nominated to be a federal judge in Texas. If confirmed by the Senate, he probably will quit Congress at the end of this year's session or sooner.

The odds-on choice to replace Thornberry is Rep. John Young, also a Texas Democrat. On seven key votes this year, Thornberry and Young have identical voting records in favor of the administration.

-:-

JFK PAPERS: President Kennedy says future historians may view 1962 as the year "when the tide of international politics began at last to flow strongly toward the world of diversity and freedom."

The President made this assessment in a foreward to the 1962 volume of "Public Papers of the President of the United States," published Wednesday by the National Archives and Records Services of the General Services Administration.

Law Held Unconstitutional

Almost Certain Appeal Due On Billboard Ruling

LIMA, Ohio (AP) — An almost certain appeal is expected on a state appeals court decision here which declared Ohio's billboard law unconstitutional in reference to a specific case.

The 3rd District Court of Appeals ruled the law unconstitutional Wednesday in cases against the Gaster Properties, Inc., and Gaster Outdoor Advertising, Inc., of Lima.

However, the court refrained from calling the matter a test case to be applied generally, because, judges said, they only had evidence applying to the Gaster case.

The law bans advertising signs within 660 feet of Interstate highways. The Allen County Common Pleas Court, in April 1962, ruled the law unconstitutional in general. The state then appealed to the 3rd District Appellate Court.

Learning of the appellate court decision, Atty. Gen. William B. Saxbe's office said it was almost certain to be appealed to the Ohio Supreme Court but that the appeals court decision would have to be studied before any action is taken.

In ruling on the Gaster case, the court said the law "constitutes taking of property without compensation to the property owner." It said there was no evidence that the signs constitute any threat to the motoring public. It added that the law "bears no substantial relation to the public health, safety, morals or general welfare and is unreasonable and arbitrary."

The state had contended the signs were a menace and a threat to safety. Also, for banning the billboards on Interstate roads, the state could receive a bonus of one-half of one per cent of federal road allocations. It was estimated that this would have amounted to about 1 million a year for Ohio.

However, the State Highway Department said it had never made application for the bonus because of the pending litigation.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: My husband has a handle-bar moustache of which he is very proud. He keeps it neat and enjoys it because people who never noticed him before notice him now.

The trouble is his mustache has given me a rash under my nose and on my chin. The itching drives me crazy and the doctor says I will have the rash as long as my husband has the mustache—unless I stay away from him.

Also, the wax my husband uses on his mustache has a sickeningly sweet odor which nauseates me. I'm not the nagging type. I mention things once and that's the limit. He knows the problem and shows no signs of doing anything about it. Yesterday he casually announced that he has no intention of cutting off his mustache when the centennial is over.

I would appreciate any suggestions you might have.—TICKLED BUT NO LAUGHING.

-:-

Dear Tickled: Ask your doctor to phone or write a note to your husband explaining the situation. Then tell your husband you are willing to compromise and remain friendly until after the centennial. If he doesn't cut the mustache off after the celebration tell him he can choose between his mustache and your kisses.

Like Father, Like Son

Dear Ann: Our son is 16 years old, a fine student and an obedient, respectful boy. After dinner last night his young friend who is exactly the same age came over to the house. I could see that the young friend (whom I will call Doug) had been drinking. He was talking louder than usual, slurring his words and behaving in a generally uncoordinated manner.

I came right out and asked Doug if he had something alcoholic. He proudly replied, "Yes, my father always offers me a highball when he has one. Tonight I had several." My husband and I were dumbfounded. Then he added nonchalantly "On the way over here I almost fell off my bicycle.

My husband believes we should order our son to break off his friendship with Doug before he picks up some bad habits. Your views are invited.—MAPLE LEAF MOTHER.

-:-

Dear Mother: Don't order your son to break off his friendship with Doug. He may then feel compelled, out of a sense of loyalty, to defend his buddy and stick with him.

Just keep impressing on your son that you have faith in his integrity and good judgment. Let him know you are confident that he will never disappoint you. Teen-agers have a truly magnificent way of living up to their parents' high opinion of them.

Table Etiquette

Dear Ann: The other evening my mother-in-law and I attended a civic banquet. At this particular affair there were six women seated at the speaker's table.

After the dessert my mother-in-law, who is up in years, called my attention to the fact that five of the six women at the speaker's table had very poor manners. Why? Because they "painted their faces in public."

For years I have powdered my nose and applied fresh lipstick while at the table. Is this wrong? Sometimes the ladies room is half a block away, or on a different floor. Will you comment please? No doubt others would like to hear your answer.—W.T.L.

-:-

Dear W.T.L.: It's in perfectly good taste for a woman to powder her nose and apply lipstick at the table. Hair combing is out, of course, and so is eye-lash curling, eye lining, fingernail repair work, and other little beauty tricks which should be reserved for the boudoir—or the ladies room.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review enclosing a stamped, self-addressed envelope.

The youth had been working on the motor bike and was riding it in front of his home when it upset.

Susan Brown, 12, daughter of Richard Brown of Grandview, near Chester, suffered a fracture of the left collarbone in a fall from a bicycle.

Elizabeth Jones, 2, daughter of Irwin Jones, 1501 Smithfield St., received a laceration of the forehead in a fall against a table

Burglars Obtain Radios At Store On Mulberry St.

Five transistor radios valued at a total of $129.95, along with batteries and television tubes, were stolen in a burglary Tuesday night or Wednesday at the J. & M. Trading Post, 514 Mulberry St., police reported.

The entry was reported by Mr. and Mrs. Melvin Kidder, the proprietors, who reside in an apartment over the store, police said. Entry was gained sometime between 7 p. m. Tuesday and 9:30 a. m. Wednesday by breaking a screen and a glass 41-x-23 inches in a door on the east side, police said.

The intruders took four transistor radios valued at $24.95 each and another worth $29.95, plus the batteries and tubes, police said.

Meanwhile, Mrs. Antonio Banitatibus, 1014 Pennsylvania Ave., told police Wednesday night at 6:35 a would-be intruder tore the screen and broke the hook on a rear door at her home while she was absent on a shopping trip.

But the would-be burglar did not gain entrance and nothing was taken, officers said.

Dear Tickled: Ask your doctor to phone or write a note to your husband explaining the situation. Then tell your husband you are willing to compromise and remain friendly until after the centennial. If he doesn't cut the mustache off after the celebration tell him he can choose between his mustache and your kisses.

Like Father, Like Son

Dear Ann: Our son is 16 years old, a fine student and an obedient, respectful boy. After dinner last night his young friend who is exactly the same age came over to the house. I could see that the young friend (whom I will call Doug) had been drinking. He was talking louder than usual, slurring his words and behaving in a generally uncoordinated manner.

I came right out and asked Doug if he had something alcoholic. He proudly replied, "Yes, my father always offers me a highball when he has one. Tonight I had several." My husband and I were dumbfounded. Then he added nonchalantly "On the way over here I almost fell off my bicycle.

My husband believes we should order our son to break off his friendship with Doug before he picks up some bad habits. Your views are invited.—MAPLE LEAF MOTHER.

-:-

Dear Mother: Don't order your son to break off his friendship with Doug. He may then feel compelled, out of a sense of loyalty, to defend his buddy and stick with him.

Just keep impressing on your son that you have faith in his integrity and good judgment. Let him know you are confident that he will never disappoint you. Teen-agers have a truly magnificent way of living up to their parents' high opinion of them.

Table Etiquette

Dear Ann: The other evening my mother-in-law and I attended a civic banquet. At this particular affair there were six women seated at the speaker's table.

After the dessert my mother-in-law, who is up in years, called my attention to the fact that five of the six women at the speaker's table had very poor manners. Why? Because they "painted their faces in public."

For years I have powdered my nose and applied fresh lipstick while at the table. Is this wrong? Sometimes the ladies room is half a block away, or on a different floor. Will you comment please? No doubt others would like to hear your answer.—W.T.L.

-:-

Dear W.T.L.: It's in perfectly good taste for a woman to powder her nose and apply lipstick at the table. Hair combing is out, of course, and so is eye-lash curling, eye lining, fingernail repair work, and other little beauty tricks which should be reserved for the boudoir—or the ladies room.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review enclosing a stamped, self-addressed envelope.

Burglars Obtain Radios At Store On Mulberry St.

Five transistor radios valued at a total of $129.95, along with batteries and television tubes, were stolen in a burglary Tuesday night or Wednesday at the J. & M. Trading Post, 514 Mulberry St., police reported.

The entry was reported by Mr. and Mrs. Melvin Kidder, the proprietors, who reside in an apartment over the store, police said. Entry was gained sometime between 7 p. m. Tuesday and 9:30 a. m. Wednesday by breaking a screen and a glass 41-x-23 inches in a door on the east side, police said.

The intruders took four transistor radios valued at $24.95 each and another worth $29.95, plus the batteries and tubes, police said.

Meanwhile, Mrs. Antonio Banitatibus, 1014 Pennsylvania Ave., told police Wednesday night at 6:35 a would-be intruder tore the screen and broke the hook on a rear door at her home while she was absent on a shopping trip.

But the would-be burglar did not gain entrance and nothing was taken, officers said.

Podres Blanks Mets, 1-0; Dodgers Grab 4-Game Lead

Giants, Bucs Lose; Red Sox Whip Twins

By JIM HACKLEMAN
Associated Press Sports Writer

About those Los Angeles Dodger pitchers.

Man, they give up runs the way Jack Benny parts with a buck.

Johnny Podres pulled the Scrooge act Wednesday night, doling out three miserly singles and striking out 11 as the Dodgers cashed in another victory by handing New York's poverty-stricken Mets their 11th successive loss, 1-0.

The Dodgers now have won eight of their last nine in climbing from fourth place to a rich four-game lead in the National League. In five of those eight victories, Los Angeles pitchers have posted shutouts and in two others they've held the opposition to a single run.

Podres, the 30-year-old left-hander, has banked three victories in the Dodgers' latest surge, allowing a grand total of one run and 10 hits. His squeaker over the Mets, decided on John Roseboro's eighth-inning homer, was his second straight by a 1-0 score and his fourth shutout.

While the Dodgers were edging the Mets, the Philadelphia Phillies dropped second-place San Francisco five games behind, capitalizing on Giant misplays in a 10-2 romp.

Also in the NL—Joey Jay became a winner for the first time in over a month, with strong relief help in the final inning, as the Cincinnati Reds trimmed the Chicago Cubs 3-1; and Houston's Ken Johnson and Hal Woodeshick combined for a five-hit 2-0 shutout of the Pittsburgh Pirates.

Dick Stuart's slugging powered the Boston Red Sox over Minnesota 7-4 in 10 innings in the only American League game played. The hard-hitting first baseman exploded out of a home run slump with a pair, including the clincher with two on in the 10th.

Podres, 7-6, extended his scoreless string to 24 innings in a duel with the Mets' Carl Willey, who checked the Dodgers on four singles until Roseboro rifled one into the seats with one out in the eighth.

The Phils got three runs in the fifth inning for a 4-2 lead over the Giants with the help of Chuck Hiller's error, then added three unearned runs in the sixth after Willie McCovey dropped a fly for a two-base misplay. They made it a rout with another three-run flurry against reliever Billy Hoeft in the seventh, winding up with the fifth victory in their last six games.

Al Worthington and Bill Henry stifled a bases-loaded Cub threat in the ninth, saving Jay's first victory since June 6. The big right-hander now has a 4-12 mark.

The Reds netted all three of their runs in the first off Glen Hobbie, with Marty Keough knocking in two with a triple and scoring on a single by John Edwards.

Woodeshick relieved Johnson with the bases full in the eighth inning at Pittsburgh, retired the side by striking out Smoky Burgess, then held off the Pirates in the ninth. The Colts managed only six hits off Bob Friend, but bunched three of them in the first for both their runs.

Stuart, who hadn't homered in 21 games and hadn't driven in a run in 11, tagged his 18th of the season with one on in the fourth inning as the Red Sox built up a 4-0 lead against southpaw Jim Kaat of the Twins. Then, facing Minnesota relief star Bill Dailey in the 10th after Dick Williams' pinch double and a walk, Stuart hit No. 19.

Boston's bullpen ace, Dick Radatz, raised his record to 9-1 with three innings of one-hit relief.

Browns Rookies Begin Training

HIRAM, Ohio (AP)—About two dozen Cleveland Browns rookies begin football workouts at Hiram College today, hopeful that the weekend tryouts will win them a chance to return for the regular training camp opening July 2.

Although the player limit has been raised to 37, this additional opportunity for first-year men was offset Wednesday when the Browns added two National Football League veterans.

Andy Cvercho, 25, 243-pound offensive guard who once starred at nearby Campbell High School, was obtained from Dallas for a future draft choice. Defense halfback Don Mullins went on the Browns' roster earlier Wednesday via a draft-choice swap with the Chicago Bears.

Match Play Gets Started In Ohio Amateur Tourney

ELYRIA, Ohio (AP) — Ohio's classiest play-for-fun golfers went after the state's 57th amateur championship today as four days of match play started over the Elyria Country Club's tree - infested layout.

Tony Blom, 35-year-old Cincinnati steel salesman, was seeking a third title to add to his 1959 and 1962 triumphs, but some stalwart swingers stood in his way.

Among them was James Brown, 19, of Martins Ferry, Ohio State basketball player and No. 1 on Coach Bob Kepler's golf team. Brown led 63 qualifiers through two days of match play that weren't required of Blom, the defending champion.

A field of 233 started the two-day, 36-hole grind, and when it was over, Brown had the medal wrapped up with a 145 total—one over par for the 6,326-yard course. That gave him a two-stroke edge over Dick Allinson, 29, of Columbus, a public links player employed at the Government Supply Center. Allinson is a transplanted Texan making his first start in the tournament.

Tom Weiskopf, 20, of Bedford, public links champion the last two years; Alex Antonio Jr., 19, of Hubbard, winner of the state high school crown in 1961 and 1962, and Joe Sugar Jr. and attorney Craig Wright, both of Columbus were next with 148.

Qualifying scores soared to 157. A dozen tied at that figure and staged a sudden-death playoff for the nine positions open in today's double match-play round. Among the survivors of the playoff were Frank Truitt, Ohio State's assistant basketball coach; Steve Pipoli of Youngstown, the 1962 preseniors champion, and Dr. Dick Widdoes of Sandusky, former Ohio State gridder.

Today's play will slice the field to 16, and two more rounds Friday will cut it to four. Saturday's semifinals and Sunday's championship will be over the 36-hole route.

Palmer Cards 76, 9 Behind

Nicklaus' 71 4 Off Pace In British Open

LYTHAM ST. ANNE'S England (AP)—Arnold Palmer was confronted today with one of the biggest tasks he ever has faced in golf, catching up with a nine-shot deficit after the first round of the British Open championship.

2 City Golfers Fail To Qualify At Elyria

Two East Liverpool golfers—Bob Putt and Dr. Arthur Cloran — failed to qualify for match play in the Ohio Amateur Golf Tournament at the Elyria Country Club. Putt, who carded a fine 75 in Tuesday's rounds, soared to 85 Wednesday for a card of 159, 2 strokes over the qualifying score. Dr. Cloran had rounds of 81 and 86 for a final score of 167.

Palmer, in search of his third straight British title, unloaded a miserable 76 Wednesday over the 6,757 yard par 70 Royal Lytham and St. Annes links and there were those who said he was "out of it."

Leading the pack were Phil Rodgers, ex-Marine from La Jolla, Cal. and Australia's Peter Thomson, four times British Open king, at 67.

At 68 were Tom Haliburton of England and lefthander Bob Charles of New Zealand. And at 69 were Kel Nagle, of Australia, the 1960 centenary open king, and Spain's Ramon Sota.

Jack Nicklaus, U.S. Masters' champion, was in a comfortable spot at 71.

Today's 18 holes will reduce the field of 120 to the low 45. Best estimates were that 148 would do the trick. That meant Palmer needed a 72 or better to be certain for the final 36 holes Friday.

Palmer conceded the job ahead of him was tough, even for a 2 to 1 favorite no one wants really to bet against.

He said he could not recall a tournament he won with a start of 76.

Palmer wasn't talking much about his round Wednesday. He said he just couldn't hit a tee shot straight.

"I drove poorly. That's where I lost it all," he said simply.

College Stars Launch Drills

EVANSTON, Ill. (AP)—A squad of 50 of last season's finest collegiate football players assemble at Northwestern University today to start three weeks of training for the All-Star game.

The collegians, coached for the sixth straight year by Otto Graham, will try to beat the National Football League champions — Green Bay Packers — for the first time since 1958 on Aug. 2 in Soldier Field.

In 1958, debut of Graham as head coach, the college graduates overwhelmed the Detroit Lions 35-19. They haven't won since. Last year, however, they held the Packers to a 21-20 edge through three quarters before being dismantled 42-20.

The pros hold a 19-8 margin in the series, with two ties.

Assisting Graham, director of athletics at the Coast Guard Academy, are Dick Stanfel, Johnny Sauer, Mike Scarry, Dante Lavelli and Tom O'Connell.

Equipment will be issued and physical examinations given today with heavy drills starting Friday. Thirty-seven colleges are represented on the squad. Michigan State and Mississippi, each with four, top the delegations.

Steve Pembrook of Littleton, Colo., will captain West Point's 1964 golf team.

Podres Blanks Mets, 1-0; Dodgers Grab 4-Game Lead

Giants, Bucs Lose; Red Sox Whip Twins

By JIM HACKLEMAN
Associated Press Sports Writer

About those Los Angeles Dodger pitchers.

Man, they give up runs the way Jack Benny parts with a buck.

Johnny Podres pulled the Scrooge act Wednesday night, doling out three miserly singles and striking out 11 as the Dodgers cashed in another victory by handing New York's poverty-stricken Mets their 11th successive loss, 1-0.

The Dodgers now have won eight of their last nine in climbing from fourth place to a rich four-game lead in the National League. In five of those eight victories, Los Angeles pitchers have posted shutouts and in two others they've held the opposition to a single run.

Podres, the 30-year-old left-hander, has banked three victories in the Dodgers' latest surge, allowing a grand total of one run and 10 hits. His squeaker over the Mets, decided on John Roseboro's eighth-inning homer, was his second straight by a 1-0 score and his fourth shutout.

While the Dodgers were edging the Mets, the Philadelphia Phillies dropped second-place San Francisco five games behind, capitalizing on Giant misplays in a 10-2 romp.

Also in the NL—Joey Jay became a winner for the first time in over a month, with strong relief help in the final inning, as the Cincinnati Reds trimmed the Chicago Cubs 3-1; and Houston's Ken Johnson and Hal Woodeshick combined for a five-hit 2-0 shutout of the Pittsburgh Pirates.

Dick Stuart's slugging powered the Boston Red Sox over Minnesota 7-4 in 10 innings in the only American League game played. The hard-hitting first baseman exploded out of a home run slump with a pair, including the clincher with two on in the 10th.

Podres, 7-6, extended his scoreless string to 24 innings in a duel with the Mets' Carl Willey, who checked the Dodgers on four singles until Roseboro rifled one into the seats with one out in the eighth.

The Phils got three runs in the fifth inning for a 4-2 lead over the Giants with the help of Chuck Hiller's error, then added three unearned runs in the sixth after Willie McCovey dropped a fly for a two-base misplay. They made it a rout with another three-run flurry against reliever Billy Hoeft in the seventh, winding up with the fifth victory in their last six games.

Al Worthington and Bill Henry stifled a bases-loaded Cub threat in the ninth, saving Jay's first victory since June 6. The big right-hander now has a 4-12 mark.

The Reds netted all three of their runs in the first off Glen Hobbie, with Marty Keough knocking in two with a triple and scoring on a single by John Edwards.

Woodeshick relieved Johnson with the bases full in the eighth inning at Pittsburgh, retired the side by striking out Smoky Burgess, then held off the Pirates in the ninth. The Colts managed only six hits off Bob Friend, but bunched three of them in the first for both their runs.

Stuart, who hadn't homered in 21 games and hadn't driven in a run in 11, tagged his 18th of the season with one on in the fourth inning as the Red Sox built up a 4-0 lead against southpaw Jim Kaat of the Twins. Then, facing Minnesota relief star Bill Dailey in the 10th after Dick Williams' pinch double and a walk, Stuart hit No. 19.

Boston's bullpen ace, Dick Radatz, raised his record to 9-1 with three innings of one-hit relief.

Palmer, in search of his third straight British title, unloaded a miserable 76 Wednesday over the 6,757 yard par 70 Royal Lytham and St. Annes links and there were those who said he was "out of it."

Leading the pack were Phil Rodgers, ex-Marine from La Jolla, Cal. and Australia's Peter Thomson, four times British Open king, at 67.

At 68 were Tom Haliburton of England and lefthander Bob Charles of New Zealand. And at 69 were Kel Nagle, of Australia, the 1960 centenary open king, and Spain's Ramon Sota.

Jack Nicklaus, U.S. Masters' champion, was in a comfortable spot at 71.

Today's 18 holes will reduce the field of 120 to the low 45. Best estimates were that 148 would do the trick. That meant Palmer needed a 72 or better to be certain for the final 36 holes Friday.

Palmer conceded the job ahead of him was tough, even for a 2 to 1 favorite no one wants really to bet against.

He said he could not recall a tournament he won with a start of 76.

Palmer wasn't talking much about his round Wednesday. He said he just couldn't hit a tee shot straight.

"I drove poorly. That's where I lost it all," he said simply.

College Stars Launch Drills

EVANSTON, Ill. (AP)—A squad of 50 of last season's finest collegiate football players assemble at Northwestern University today to start three weeks of training for the All-Star game.

The collegians, coached for the sixth straight year by Otto Graham, will try to beat the National Football League champions — Green Bay Packers — for the first time since 1958 on Aug. 2 in Soldier Field.

In 1958, debut of Graham as head coach, the college graduates overwhelmed the Detroit Lions 35-19. They haven't won since. Last year, however, they held the Packers to a 21-20 edge through three quarters before being dismantled 42-20.

The pros hold a 19-8 margin in the series, with two ties.

Assisting Graham, director of athletics at the Coast Guard Academy, are Dick Stanfel, Johnny Sauer, Mike Scarry, Dante Lavelli and Tom O'Connell.

Equipment will be issued and physical examinations given today with heavy drills starting Friday. Thirty-seven colleges are represented on the squad. Michigan State and Mississippi, each with four, top the delegations.

Steve Pembrook of Littleton, Colo., will captain West Point's 1964 golf team.

Maris To Face Surgery, Out For Week, 10 Days

NEW YORK (AP) — Roger Maris, the other half of New York's famed M-and-M slugging combination, has joined Mickey Mantle on the Yankee list of the missing.

Maris, who assumed the Yankee team leadership when Mantle was sidelined with a broken foot June 5, will undergo surgery at New York's Lenox Hill Hospital Friday for a rectal fissure.

"From what I hear from New York," Yankee Manager Ralph Houk said in Los Angeles, "I expect him to be out a week to 10 days."

Mantle, who won the American League's Most Valuable Player award for the third time last season, rejoined the Yankees in Los Angeles today, but is not expected to be ready to play for another week or two.

"I'll play him as soon as he's ready," Houk said. "I don't know when that will be."

Maris, the Yanks' right fielder, was scheduled for surgery after an examination by the Yankee team physician Dr. Sidney Gaynor and a specialist, Dr. John Donaldson, who will perform the operation.

The slugging, green-eyed outfielder, missed the Yankees' doubleheader in Cleveland Sunday with what was thought at the time to be a recurrence of a back ailment that had sidelined him earlier this season.

He flew to his home in Independence, Mo., for the All-Star game break, but returned to New York Wednesday after a telephone consultation with Dr. Gaynor.

Maris, a two-time MVP who hit a record 61 homers in 1961, has 19 home runs, 42 runs batted in and a .294 batting average—his highest in the majors—so far this season.

National Public Links Golf Tournament Opens

SACRAMENTO, Calif. (AP)—A catchcall assortment of upsetters fresh from wholesale disposal of National Public Links medal leaders set their sights today on Dick Sikes, the young golfer who's trying to win this tournament for the third straight year.

A wave of upsets brushed the three top medalists and one of the fourth-placers out of match play competition in Wednesday's first and second rounds.

But Sikes, who had qualified comfortably at one-under-par 72-73—145, went four-under Wednesday for the mere 27 holes he needed to dispose of Dave Hellman, Waukegan, Ill., 6 and 5 and Detroit's John Kurach 5 and 4. He lost only one hole.

"I stroked my putts a little better," said Sikes, 22, a Springdale, Ark., golfer who plays out of Wichita, Kan., this summer. "Maybe it's me, but I think the greens are getting a little better."

He faced rugged John Schlee of Memphis, Tenn., in today's third round. Schlee was seven under par for the 30 holes he needed to drub two foes. Sikes beat Schlee 2 and 1 in the Publinx semifinals two years ago and Schlee predicted that today's winner would have to go five under par.

"You are durned right I've been waiting to play him," Schlee said with a laugh.

The quarter-finals were set for this afternoon. Semifinals and finals over a 36-hole route at the 6,702 par 36-36—72 Haggin Oaks course are Friday and Saturday.

Air Force Sgt. Clyde Sniffin, a Honolulu native playing out of Everett, Wash., needed half again as many holes as Sikes to advance. He finally ousted 1962 runner-up Hung Soo Ahn of Honolulu on the 25th hole of a match that broke the tournament record for extra holes. A wedge shot to within two feet of the pin set up his winning birdie.

Then Sniffin, 27, came back to Leroy Beasley of Mesquite, Tex., 3 and 2 in the afternoon. Beasley was the second low medal shooter.

3 Games Scheduled Tonight In Y-League

Three games are slated tonight in the closing round of the Intermediate Division of the YMCA's outdoor basketball program at the First National Dirve-In Bank court on E. 4th St.

The schedule pits Team 3 against Team 2 at 5:30, Team 5 against Team 1 at 5:45, and Team 7 against Team 4 at 6:30.

The high school division games set Wednesday night were postponed to Friday night because of rain. Team 3 will play Team 2 at 5:30, Team 5 meets Team 1 at 6:15, Team 7 meets Team 4 at 7, and Team 8 closes with Team 6 at 7:30.

Hollywood's Gold Cup Set For Saturday

INGLEWOOD, Calif. (AP)—Crimson Satan, third leading active money winner in thoroughbred racing, and possibly a dozen other contenders are due to tangle in the $162,100 Hollywood Gold Cup Handicap Saturday.

Entries were due today, 24 ahead of the usual closing.

Other probable challenges include Dr. Kacy, Mr. Consistency, Aldershot, Olympiad King, Drill Site, Pirate Cove, Native Diver, Hardwars, Cadiz and Full Regalia.

Crimson Satan, from the Detroit stable of Peter W. Salmen, was flown here 10 days ago for this one big money shot. The five-year-old Satan would boost his lifetime earnings to $785,922 if he won and move into second place in the dollar chase of horses now in action.

First place in the Hollywood Gold Cup is worth $102,100.

Only Kelso, at $1,307,037, and the filly, Cicada, $758,324, lead Crimson Satan at the moment.

The Satan, to be ridden by Herb Hinojosa, will pack high weight of 125 pounds. He was a big winner behind Crozier at the Santa Anita meeting and is no stranger to Southern California fans.

Varsity basketball player Don Floberg of Lake Geneva, Wis., was medalist with a 73 in the intramural golf tournament over Michigan State's Forest Akers course this spring.

Stuart Raps 2 Homers To Snap Out Of Slump

By LEW FERGUSON
Associated Press Sports Writer

MINNEAPOLIS-ST. PAUL (AP) —Nothing mellows a slugger scorned like hitting two home runs and batting in five runs.

Boston belter Dick Stuart, who considered himself wronged a week ago when Ralph Houk didn't name him to the American League All-Star team, mellowed after such a splurge in Boston's 7-4 victory over Minnesota Wednesday night.

Stuart had no more venom for the New York Yankee manager who he blasted, only elation that he had snapped a slump.

Asked if his power burst was an answer to Houk, Stuart replied:

"No, this was my answer to Minnesota."

Stuart had not hit a home run in 21 games. He had not driven across a run for 11 games.

"Gee, that is a long time," he said, when confronted with the figures. "I was tired. I had been up since 7:30. I figured if I could get just one hit I'd be lucky. But they come unexpectedly sometimes, don't they?"

Stuart broke a 4-4 tie with a three-run homer in the 10th inning that settled a duel of the league's top relief pitchers—Boston's Dick Radatz and Minnesota's Bill Dailey.

His blow ended a string of 24 scoreless innings for Dailey. Radatz, with help from Jack Lamabe in the last of the 10th, got the win and is 9-1. He permitted the Twins only one hit in three innings before leaving for a pinch hitter.

Stuart's two shots pulled him into a tie for third in the AL homer race with 19. His first clout was a two-run blow in Boston's four-run fourth inning.

Bob Allison, the league's homer leader, got his 22nd—a two-run whack—in the bottom of the fourth. The two runs batted in gave Allison 59 and tied him with Los Angeles' Leon Wagner.

Colonial Grill Pulls Upset, Whips Unbeaten Dan-D-Bar

Colonial Grill pulled a stunning upset in the Thompson Park Slow-Pitch Softball League Wednesday, trimming previously unbeaten Dan-D-Bar and ace hurler Frannie Wise, 12-5.

The victory interrupted Dan-D-Bar's string of four straight conquests and scrambled the standings.

Colonial Grill slammed 13 hits off Wise to give solid support to pitcher Jim Harris in his mound debut.

Jack Thayer led the attack with three hits in four trips for the winners, while Duck Rogers, Dom Casio and Bob Hedmond each got a pair in four trips.

The nimble fielding of Norm Six gave strength to the Colonial Grill's defense.

Wise yielded 13 hits, but only one good for extra - bases. It was a triple by Rogers.

Harris alowed 14 hits in his initial start, subbing for southpaw Pick Rolley. Chuck Winters shined with a double and two other hits for Dan-D-Bar.

Klondyke won by forfeit over Scafide's Market. Sunday's schedule calls for only one game, Koerber's against the Bombers at 5 p. m.

Picnic Slated By Nonpareil

The Blue and White Nonpareil Club is planning a stag picnic for added incentive in its annual membership campaign and as a gesture of appreciation for support of its projects through the years.

The event will be held Aug. 7 at Valley Park on Route 7 and there will be free food and beverages and prizes.

Donovan Set To Face A's

KANSAS CITY (AP) — Dick Donovan will try to get the Cleveland Indians away to a fast start after the All - Star game break when he pitches against the Athletics tonight as the Tribe starts an 11-day road trip.

Donovan (6-5) will face Dave Wickersham (6-7).

After Kansas City, the Indians move on to Minnesota, Los Angeles and New York.

If Tribe catcher Joe Azcue plays in any of the three-game series against the Athletics, it will be the first time he has faced his old teammates. He was on the A's roster when the teams last played, on May 15. In that two-game series, Haywood Sullivan caught.

Azcue subsequently was sent to the minors, and the Indians got him in a trade. Since being with Cleveland, Azcue has been a titan, both with the bat and behind the plate.

In his first major league start, Detroit Tiger rookie Bill Faul pitched a three - hitter against Washington, winning 5-1.

Candy Spots Set To Snap Out Of Losing Streak

CHICAGO (AP) — Candy Spots will try to break a two-race losing streak Saturday when a probable field of six—all that remains of 160 original nominees—goes to the post in the $100,000-added American Derby at Arlington Park.

Last month, Rex C. Ellsworth's three-year-old star lost by a neck to a 40-1 shot, Elmendorf Farm's B. Major, in the $100,000 Chicagoan at Washington Park. The week prior to this Candy Spots was beaten in the Belmont Stakes.

B. Major, again to be ridden by Ray Broussard, is expected to give Candy Spots and jockey Willie Shoemaker another tussle in the 1 mile race. The Chicagoan was 1⅛ miles. B. Major carried 117 pounds in that one to 126 for Candy Spots. For the American Derby, B. Major is in at 123 and Candy Spots again at 126.

The other possible starters are Fred W. Hooper's Sky Gem (114), William S. Miller's Crowdus (114), River Divide Farm's Cosmic Tip (117), and Theodore D. Buhl's Lemon Twist (117).

Maris To Face Surgery, Out For Week, 10 Days

NEW YORK (AP) — Roger Maris, the other half of New York's famed M-and-M slugging combination, has joined Mickey Mantle on the Yankee list of the missing.

Maris, who assumed the Yankee team leadership when Mantle was sidelined with a broken foot June 5, will undergo surgery at New York's Lenox Hill Hospital Friday for a rectal fissure.

"From what I hear from New York," Yankee Manager Ralph Houk said in Los Angeles, "I expect him to be out a week to 10 days."

Mantle, who won the American League's Most Valuable Player award for the third time last season, rejoined the Yankees in Los Angeles today, but is not expected to be ready to play for another week or two.

"I'll play him as soon as he's ready," Houk said. "I don't know when that will be."

Maris, the Yanks' right fielder, was scheduled for surgery after an examination by the Yankee team physician Dr. Sidney Gaynor and a specialist, Dr. John Donaldson, who will perform the operation.

The slugging, green-eyed outfielder, missed the Yankees' doubleheader in Cleveland Sunday with what was thought at the time to be a recurrence of a back ailment that had sidelined him earlier this season.

He flew to his home in Independence, Mo., for the All-Star game break, but returned to New York Wednesday after a telephone consultation with Dr. Gaynor.

Maris, a two-time MVP who hit a record 61 homers in 1961, has 19 home runs, 42 runs batted in and a .294 batting average—his highest in the majors—so far this season.

Stuart Raps 2 Homers To Snap Out Of Slump

By LEW FERGUSON
Associated Press Sports Writer

MINNEAPOLIS-ST. PAUL (AP) —Nothing mellows a slugger scorned like hitting two home runs and batting in five runs.

Boston belter Dick Stuart, who considered himself wronged a week ago when Ralph Houk didn't name him to the American League All-Star team, mellowed after such a splurge in Boston's 7-4 victory over Minnesota Wednesday night.

Stuart had no more venom for the New York Yankee manager who he blasted, only elation that he had snapped a slump.

Asked if his power burst was an answer to Houk, Stuart replied:

"No, this was my answer to Minnesota."

Stuart had not hit a home run in 21 games. He had not driven across a run for 11 games.

"Gee, that is a long time," he said, when confronted with the figures. "I was tired. I had been up since 7:30. I figured if I could get just one hit I'd be lucky. But they come unexpectedly sometimes, don't they?"

Stuart broke a 4-4 tie with a three-run homer in the 10th inning that settled a duel of the league's top relief pitchers—Boston's Dick Radatz and Minnesota's Bill Dailey.

His blow ended a string of 24 scoreless innings for Dailey. Radatz, with help from Jack Lamabe in the last of the 10th, got the win and is 9-1. He permitted the Twins only one hit in three innings before leaving for a pinch hitter.

Stuart's two shots pulled him into a tie for third in the AL homer race with 19. His first clout was a two-run blow in Boston's four-run fourth inning.

Bob Allison, the league's homer leader, got his 22nd—a two-run whack—in the bottom of the fourth. The two runs batted in gave Allison 59 and tied him with Los Angeles' Leon Wagner.

Colonial Grill Pulls Upset, Whips Unbeaten Dan-D-Bar

Colonial Grill pulled a stunning upset in the Thompson Park Slow-Pitch Softball League Wednesday, trimming previously unbeaten Dan-D-Bar and ace hurler Frannie Wise, 12-5.

The victory interrupted Dan-D-Bar's string of four straight conquests and scrambled the standings.

Colonial Grill slammed 13 hits off Wise to give solid support to pitcher Jim Harris in his mound debut.

Jack Thayer led the attack with three hits in four trips for the winners, while Duck Rogers, Dom Casio and Bob Hedmond each got a pair in four trips.

The nimble fielding of Norm Six gave strength to the Colonial Grill's defense.

Wise yielded 13 hits, but only one good for extra - bases. It was a triple by Rogers.

Harris alowed 14 hits in his initial start, subbing for southpaw Pick Rolley. Chuck Winters shined with a double and two other hits for Dan-D-Bar.

Klondyke won by forfeit over Scafide's Market. Sunday's schedule calls for only one game, Koerber's against the Bombers at 5 p. m.

Donovan (6-5) will face Dave Wickersham (6-7).

After Kansas City, the Indians move on to Minnesota, Los Angeles and New York.

If Tribe catcher Joe Azcue plays in any of the three-game series against the Athletics, it will be the first time he has faced his old teammates. He was on the A's roster when the teams last played, on May 15. In that two-game series, Haywood Sullivan caught.

Azcue subsequently was sent to the minors, and the Indians got him in a trade. Since being with Cleveland, Azcue has been a titan, both with the bat and behind the plate.

In his first major league start, Detroit Tiger rookie Bill Faul pitched a three - hitter against Washington, winning 5-1.

National Public Links Golf Tournament Opens

SACRAMENTO, Calif. (AP)—A catchcall assortment of upsetters fresh from wholesale disposal of National Public Links medal leaders set their sights today on Dick Sikes, the young golfer who's trying to win this tournament for the third straight year.

A wave of upsets brushed the three top medalists and one of the fourth-placers out of match play competition in Wednesday's first and second rounds.

But Sikes, who had qualified comfortably at one-under-par 72-73—145, went four-under Wednesday for the mere 27 holes he needed to dispose of Dave Hellman, Waukegan, Ill., 6 and 5 and Detroit's John Kurach 5 and 4. He lost only one hole.

"I stroked my putts a little better," said Sikes, 22, a Springdale, Ark., golfer who plays out of Wichita, Kan., this summer. "Maybe it's me, but I think the greens are getting a little better."

He faced rugged John Schlee of Memphis, Tenn., in today's third round. Schlee was seven under par for the 30 holes he needed to drub two foes. Sikes beat Schlee 2 and 1 in the Publinx semifinals two years ago and Schlee predicted that today's winner would have to go five under par.

"You are durned right I've been waiting to play him," Schlee said with a laugh.

The quarter-finals were set for this afternoon. Semifinals and finals over a 36-hole route at the 6,702 par 36-36—72 Haggin Oaks course are Friday and Saturday.

Air Force Sgt. Clyde Sniffin, a Honolulu native playing out of Everett, Wash., needed half again as many holes as Sikes to advance. He finally ousted 1962 runner-up Hung Soo Ahn of Honolulu on the 25th hole of a match that broke the tournament record for extra holes. A wedge shot to within two feet of the pin set up his winning birdie.

Then Sniffin, 27, came back to Leroy Beasley of Mesquite, Tex., 3 and 2 in the afternoon. Beasley was the second low medal shooter.

3 Games Scheduled Tonight In Y-League

Three games are slated tonight in the closing round of the Intermediate Division of the YMCA's outdoor basketball program at the First National Dirve-In Bank court on E. 4th St.

The schedule pits Team 3 against Team 2 at 5:30, Team 5 against Team 1 at 5:45, and Team 7 against Team 4 at 6:30.

The high school division games set Wednesday night were postponed to Friday night because of rain. Team 3 will play Team 2 at 5:30, Team 5 meets Team 1 at 6:15, Team 7 meets Team 4 at 7, and Team 8 closes with Team 6 at 7:30.

Hollywood's Gold Cup Set For Saturday

INGLEWOOD, Calif. (AP)—Crimson Satan, third leading active money winner in thoroughbred racing, and possibly a dozen other contenders are due to tangle in the $162,100 Hollywood Gold Cup Handicap Saturday.

Entries were due today, 24 ahead of the usual closing.

Other probable challenges include Dr. Kacy, Mr. Consistency, Aldershot, Olympiad King, Drill Site, Pirate Cove, Native Diver, Hardwars, Cadiz and Full Regalia.

Crimson Satan, from the Detroit stable of Peter W. Salmen, was flown here 10 days ago for this one big money shot. The five-year-old Satan would boost his lifetime earnings to $785,922 if he won and move into second place in the dollar chase of horses now in action.

First place in the Hollywood Gold Cup is worth $102,100.

Only Kelso, at $1,307,037, and the filly, Cicada, $758,324, lead Crimson Satan at the moment.

The Satan, to be ridden by Herb Hinojosa, will pack high weight of 125 pounds. He was a big winner behind Crozier at the Santa Anita meeting and is no stranger to Southern California fans.

Varsity basketball player Don Floberg of Lake Geneva, Wis., was medalist with a 73 in the intramural golf tournament over Michigan State's Forest Akers course this spring.

Out Of The Air

By ALAN GILL

Seems Like Old Times With Ol' Arthur

After I had done the breakfast dishes, fluffed the pillows, and fed the alligator the other morning, I thought I'd see if the radio still worked.

Alan Gill

The thing, after all, hasn't been turned on since the days of Dagmar and "Foreign Intrigue."

Sure enough, after a few crackles of static, the sound of music poured forth and then another sound — something that faintly resembled a hungry woodchuck dining upon a hockey puck —assailed one's ears. Holy Moses, it was Arthur Godfrey! And laughing!

For those of you "TV firsters" who guessed that the fellow had flown off into the setting sun, or that he had been given to France in exchange for Noelle Adam, the truth is he's been around all the time, gurgling pleasantries into a CBS radio mike each weekday morning.

His voice, talking or singing, is a friendly instrument, like a coffee percolator. I found myself grinning with pleasure as I stood there at the ironing board, wrinkling the tongues of my sneakers and listening to a good old friend talk, sing and chuckle.

-:-

OF COURSE, nobody can chuckle like Godfrey. A small-sized witticism from a guest — like "Whad'd you say?" — will elicit, at the very least, a "heh-huh" from Godfrey.

An out-and-out funny remark will draw a prolonged fit of laughter, like an endless freight train going by. The front car (or locomotive section) of the laugh is a triple giggle: "Hee-hee-hee." This is followed by a string of five dry chuckles: "Heh-heh-heh-heh-heh." And then comes the big, allout clatter of "AhHAH-HAH-HAH-AH-HAH-HAH-HAH."

How many hah's you count before Godfrey gets to the caboose depends upon the quality of the gag.

He has been known to go cannonballing down the tracks pulling as many as 350 freight cars behind him. And the other morning, with Jonathan Winters holding forth on sundry subjects, Godfrey went along at full throttle through the whole show.

The name of Jonathan Winters may give you a pretty good idea of the calibre of Godfrey's radio guests. And Godfrey is extremely generous with them.

Winters was allowed to talk on and on and on about such important matters as — well, how dogs and monkeys and other animals (though not turtles) watch a human being as he undresses.

-:-

GODFREY IS generous with the rhythm section too. That same morning, a couple of people named Damita Jo and Richard Hayes sang most beguilingly. And a few days later, when I tuned in again, his singing guests were Pat Boone, Karen Morrow and a band of hill-billies from the bogs of Ireland, the Clancy Brothers and Bobby Makim. They were all good companions.

As for Godfrey himself, he must be as old as Herbert Hoover by now, but you'd never know he was beyond the freshman year in college. His line of gab is as easy-going as a folk-song fest after midnight in the fraternity house.

He may be jawing away about his home in a town called Palonian Springs; and a listener learns the word is from the Greek and means "pure," only the spring was closed a few years ago because it was totally polluted.

Or, in talking to a teetotaler, Godfrey may have a snippet of homely wisdom to offer: "You don't have to drink it. You freeze it and eat it."

Or, in describing the delights of flying, Godfrey may tell about the "long ribbons of yellow light comin' up at you from Atlantic City." Ah, the man's got the silver tongue.

-:-

IN HIS COMMERCIALS he addresses his would-be shopper as "my dear." And in his introductions ("She's a bee-yoo-ti-ful singer") he can bear down so purringly on the adjective that all those millions of housewives out there must go all aflutter from head to foot.

I haven't heard words spoken so appetizingly since the days when Uncle Don, with a mouthful o' caramel candy, would take the word "meal," separate it into three syllables, and have all of us little nippers running for the kitchen cupboard.

"Seems Like Old Times" Godfrey was singing a moment later as if through a small opening in a car muffler, and it was like old times sure enough.

Refugee Reveals Forced Watching Of Cuba Slayings

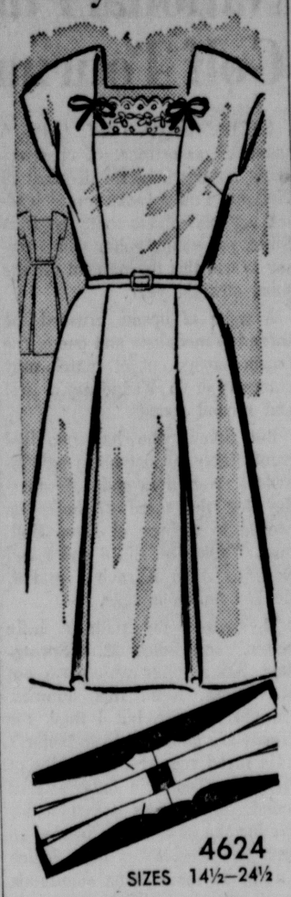

MIAMI, Fla. (AP)—A newly arrived Cuban refugee youth says teen-agers are forced to witness executions of anti-Castroites in his homeland.

He said Wednesday that young Communists relish the spectacle but that others like himself found it repugnant.

"Before the firing squads go to work, some young people taunt the victims with statements like 'take a last look at the caskets in which they are going to put you,'" said Luis Torres Perez, 17, who escaped his homeland by small boat.

Torres said that in Santa Clara, where he lived, "this macabre spectacle is set up two or three times a week."

Man Found Guilty Of Petting Girl, 14

SOUTHEND, England (AP)—A 59-year-old Salvation Army colonel was found guilty Wednesday of heavy petting in the bushes with a 14-year-old girl.

Prosecutor Tom Holdcroft said the policeman who found them had to shout twice before they stopped.

Then Col. Sydney Lawrence told the policeman: "She's a cuddly sort of girl."

Lawrence, who has resigned from the Salvation Army, was sentenced to 12 months in jail for indecent assault. He announced he would appeal and was freed on bail.

Bringing Up A Family

By GARRY C. MEYERS

Lying, Stealing Can Begin At Home

It's hard to imagine a child growing up with parents who deliberately lie and steal becoming truthful and honest himself. But a high degree of moral integrity in parents doesn't always guarantee such high integrity in their children. Striving hard to be good examples of truthfulness and honesty themselves, parents need also to win the trust, confidence and esteem of their growing child if he is also to strive to be and become a truthful and honest person.

Dr. Garry Meyers

We won't argue here over the absoluteness of truthfulness and honesty. We know these terms don't have the same meaning to all persons. We do assume, however, that most of us agree on what is basically honest and truthful.

—:—

PRACTICALLY ALL children lie sometimes; practically all steal a bit. They begin to lie and steal at home.

Our very eagerness to guide our children to be truthful and honest can cause us to tempt them unawares, especially in their early years, to deceive.

As you can see, lying and stealing are basically the same—they are deceit—a child takes something which does not belong to him while the owner is not looking. He lies as he tries to keep all others from knowing he took it.

Long before he takes things in secret which he knows he should not take, he has tried to take some things when their owner was looking. Sometimes he succeeded; sometimes he didn't.

The better he learned in his family not to take or use things belonging to others without their permission, in their presence, the less likely he will be to take such things in secret.

—:—

BUT WE, HIS parents, so eager to have him do right in our absence as well as in our presence, may suspect he has done something he should not do. Then we ask him if he did it. Innocently, at first, he may say he did. But if we punish or disapprove him when he, later, may figure out it would be safer to deny it; to lie.

He tries it and it often works —he escapes rebuke or punishment. Among the many questions may be one about something we suspected he had stolen.

As we try harder to corner him, he tries harder to keep us from finding him out — he practices more in lying. In the meanwhile, he and we trust each other less and feel less affection for each other.

If we were wiser, we would not put him on the witness stand or try to force him to incriminate himself. We would not have trials. We would limit our rebuke and punishment of this little child to what we ourselves see or hear him do.

—:—

THENCEFORTH, WE would try to protect him from temptations too hard for him to withstand and put our emphasis on cultivating with him mutual love and affection.

My bulletin, "Honesty and Truthfulness in Children," may be secured by sending a self-addressed stamped envelope to me in care of The Review.

Boredom, Worry Steal Needed Energy

Energy is a most prized possession. Food is our sole source of energy, and our bodies are energy - transformers. What about good nutrition as an energy builder?

Ida Jean Kain

A balanced diet, including adequate protein and the other protective nutrients provide fuel for energy, plus repair and replacement essentials. While lack of energy can be traceable to poor food habits, there is no one special health food that guarantees super energy. Nor does an excess of food give one extra energy.

We all know that on some days we seem to have an abundance of life-giving energy — other days not so much. So how does one release energy? An equation might go something like this: Energy equals calories and nutrients x attitude x circumstances.

—:—

WHERE DOES interest enter the picture? Isn't interest the catalyst that sets off the reaction to release the energy? When we are enthusiastically interested in any project, the needed energy wells up from within.

Today the factors which steal away energy are more likely to be emotional than physical. Nagging worry, indecision, frustration . . .are all energy robbers. Boredom is deceptively tiring, but it's a restless tiredness, rather than healthy physical fatigue.

A too hectic pace robs one of energy, but this can be due to inward stewing and mental tension, rather than the accelerated action itself. Resentment, bitterness, getting "burned up" are negative emotions that sap energy.

In short, the factors which enable us to use our energies effectively, or rob us of precious energy, cover the entire range of personality.

The brilliant psychologist, William James, had phenominal energy, yet he was far from robust. This creative philosopher was intensely interested in human nature and in all that makes life exciting. He deplored too much sameness. Change! Experiment! Explore! Grow!

He was always advocating a change of pace and suggesting that we try something new. He firmly believed that it's excitement, ideas and effort that restore energy and vitality to people.

—:—

TODAY, LIFE has to have a certain amount of routine, but too much routine, albeit pleasant, leads to boredom. Boredom leads to dullness. . .a languor of spirits, tedium.

It's a willingness to make the effort to change things that releases energy. Get enthusiastic about it, for enthusiasm carries with it an expectation of good.

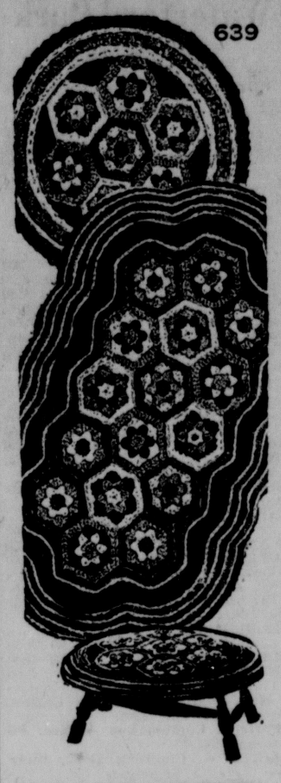

Pasteur termed enthusiasm "the inner God". This mysterious life-giving force is of the spirit.

Medical Puzzle: Dog Walks Only On Hind Legs

ODENSE, Denmark (AP) — Pucki, a year-old poodle, has baffled Danish medical men. He walks only on his hind legs.

"The dog started walking upright when he was three months old," his owner, Carl W. Soelling, told a reporter. "We never trained him to do it.

"When Pucki goes walking it's nearly always on his hind legs. Sometimes he stands upright for more than five minutes, staring at something interesting."

One Danish surgeon has asked permission to take x-rays of Pucki's pelvic region in an attempt to find out why he apes the human stance. Soelling gave his okay, saying, "I am anxiously waiting for the result of this scientific examination."

Construction Lacked Power-Driven Devices

FRANKFORT, Ky. (AP) — The only piece of power - driven machinery used in construction of Kentucky's state capitol building was a steam - driven concrete mixer.

The mason had a hand powered crane for lifting heavier stone and another worker designed, built and operated a hand machine for bending steel.

The capitol was constructed in 1906 at a cost of $1,820,000.

State Department Makes Report

Senator's Not Surprised Cuba Exports Saboteurs

WASHINGTON (AP)—Sen. John Tower, R-Tex., says he's not at all surprised by a State Department report that 15 to 20 potential subversive agents have flown recently from Cuba to other Caribbean lands.

"It's been going on for some time," Tower said today in an interview. "I have consistently said that Cuba is a staging area, a training ground for saboteurs, guerrillas and propagandists."

Another critic of U.S. policy toward the Cuban regime of Fidel Castro, Sen. Kenneth B. Keating, said the report was "further evidence of the step-up in the export of terrorism from Cuba to other Latin-American countries." The New York Republican expressed his view Wednesday night in an interview in Rochester, N.Y.

Some newspapers as well as congressional critics have been charging that Cuba was exporting subversion.

Richard I. Phillips, State Department press officer, said Wednesday that the 15 to 20 persons — presumably Cuban — left Cuba by way of Grand Cayman Island — a British island off Cuba.

He said this has been drawn to the attention of the British. A foreign office spokesman said in London Wednesday night that the matter is being carefully considered by responsible British officials.

Phillips' statement came after Rep. William C. Cramer, R-Fla., quoted a Miami news reporter as saying that Soviet-made planes had discharged passengers on Grand Cayman Island.

Phillips said the planes that landed on the island were three Soviet-made Ilyushin airliners. He said the 15 to 20 "potential subversive agents" transferred to non-Cuban commercial flights for other points in the Caribbean area including San Jose, Costa Rica.

Ceilings Ripped Out To Recover Radium

JACKSONVILLE, Fla. (AP) — Two ceilings and some plumbing were ripped out at St. Luke's Hospital during recovery of a $7,000 radium capsule which accidentally was flushed down a toilet Wednesday.

A Geiger counter was used to pinpoint the radium capsule in the hospital's plumbing system.

Out Of The Air

By ALAN GILL

Seems Like Old Times With Ol' Arthur

After I had done the breakfast dishes, fluffed the pillows, and fed the alligator the other morning, I thought I'd see if the radio still worked. The thing, after all, hasn't been turned on since the days of Dagmar and "Foreign Intrigue."

Alan Gill

Sure enough, after a few crackles of static, the sound of music poured forth and then another sound — something that faintly resembled a hungry woodchuck dining upon a hockey puck —assailed one's ears. Holy Moses, it was Arthur Godfrey! And laughing!

For those of you "TV firsters" who guessed that the fellow had flown off into the setting sun, or that he had been given to France in exchange for Noelle Adam, the truth is he's been around all the time, gurgling pleasantries into a CBS radio mike each weekday morning.

His voice, talking or singing, is a friendly instrument, like a coffee percolator. I found myself grinning with pleasure as I stood there at the ironing board, wrinkling the tongues of my sneakers and listening to a good old friend talk, sing and chuckle.

-:-

OF COURSE, nobody can chuckle like Godfrey. A small-sized witticism from a guest — like "Whad'd you say?" — will elicit, at the very least, a "heh-huh" from Godfrey.

An out-and-out funny remark will draw a prolonged fit of laughter, like an endless freight train going by. The front car (or locomotive section) of the laugh is a triple giggle: "Hee-hee-hee." This is followed by a string of five dry chuckles: "Heh-heh-heh-heh-heh." And then comes the big, allout clatter of "AhHAH-HAH-HAH-AH-HAH-HAH-HAH."

How many hah's you count before Godfrey gets to the caboose depends upon the quality of the gag.

He has been known to go cannonballing down the tracks pulling as many as 350 freight cars behind him. And the other morning, with Jonathan Winters holding forth on sundry subjects, Godfrey went along at full throttle through the whole show.

The name of Jonathan Winters may give you a pretty good idea of the calibre of Godfrey's radio guests. And Godfrey is extremely generous with them.

Winters was allowed to talk on and on and on about such important matters as — well, how dogs and monkeys and other animals (though not turtles) watch a human being as he undresses.

-:-

GODFREY IS generous with the rhythm section too. That same morning, a couple of people named Damita Jo and Richard Hayes sang most beguilingly. And a few days later, when I tuned in again, his singing guests were Pat Boone, Karen Morrow and a band of hill-billies from the bogs of Ireland, the Clancy Brothers and Bobby Makim. They were all good companions.

As for Godfrey himself, he must be as old as Herbert Hoover by now, but you'd never know he was beyond the freshman year in college. His line of gab is as easy-going as a folk-song fest after midnight in the fraternity house.

He may be jawing away about his home in a town called Palonian Springs; and a listener learns the word is from the Greek and means "pure," only the spring was closed a few years ago because it was totally polluted.

Or, in talking to a teetotaler, Godfrey may have a snippet of homely wisdom to offer: "You don't have to drink it. You freeze it and eat it."

Or, in describing the delights of flying, Godfrey may tell about the "long ribbons of yellow light comin' up at you from Atlantic City." Ah, the man's got the silver tongue.

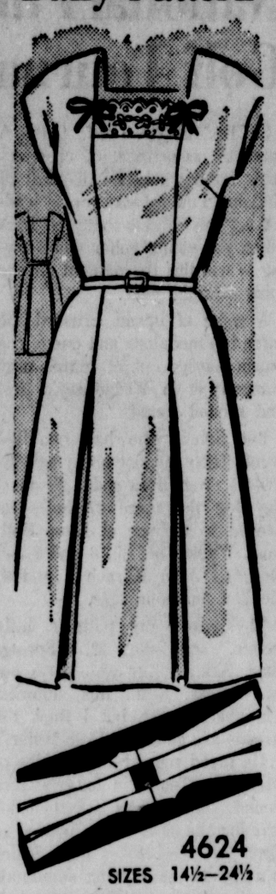

-:-

IN HIS COMMERCIALS he addresses his would-be shopper as "my dear." And in his introductions ("She's a bee-yoo-ti-ful singer") he can bear down so purringly on the adjective that all those millions of housewives out there must go all aflutter from head to foot.

I haven't heard words spoken so appetizingly since the days when Uncle Don, with a mouthful of caramel candy, would take the word "meal," separate it into three syllables, and have all of us little nippers running for the kitchen cupboard.

"Seems Like Old Times" Godfrey was singing a moment later as if through a small opening in a car muffler, and it was like old times sure enough.

Bringing Up A Family

By GARRY C. MEYERS

Lying, Stealing Can Begin At Home

It's hard to imagine a child growing up with parents who deliberately lie and steal becoming truthful and honest himself. But a high degree of moral integrity in parents doesn't always guarantee such high integrity in their children. Striving hard to be good examples of truthfulness and honesty themselves, parents need also to win the trust, confidence and esteem of their growing child if he is also to strive to be and become a truthful and honest person.

Dr. Garry Meyers

We won't argue here over the absoluteness of truthfulness and honesty. We know these terms don't have the same meaning to all persons. We do assume, however, that most of us agree on what is basically honest and truthful.

—:—

PRACTICALLY ALL children lie sometimes; practically all steal a bit. They begin to lie and steal at home.

Our very eagerness to guide our children to be truthful and honest can cause us to tempt them unawares, especially in their early years, to deceive.

As you can see, lying and stealing are basically the same—they are deceit—a child takes something which does not belong to him while the owner is not looking. He lies as he tries to keep all others from knowing he took it.

Long before he takes things in secret which he knows he should not take, he has tried to take some things when their owner was looking. Sometimes he succeeded; sometimes he didn't.

The better he learned in his family not to take or use things belonging to others without their permission, in their presence, the less likely he will be to take such things in secret.

—:—

BUT WE, HIS parents, so eager to have him do right in our absence as well as in our presence, may suspect he has done something he should not do. Then we ask him if he did it. Innocently, at first, he may say he did. But if we punish or disapprove him when he, later, may figure out it would be safer to deny it; to lie.

He tries it and it often works —he escapes rebuke or punishment. Among the many questions may be one about something we suspected he had stolen.

As we try harder to corner him, he tries harder to keep us from finding him out — he practices more in lying. In the meanwhile, he and we trust each other less and feel less affection for each other.

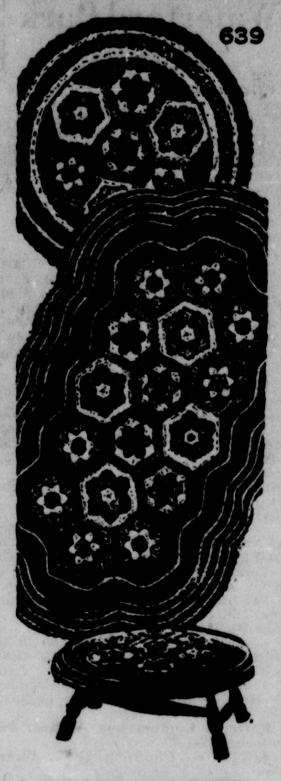

If we were wiser, we would not put him on the witness stand or try to force him to incriminate himself. We would not have trials. We would limit our rebuke and punishment of this little child to what we ourselves see or hear him do.

—:—

THENCEFORTH, WE would try to protect him from temptations too hard for him to withstand and put our emphasis on cultivating with him mutual love and affection.

My bulletin, "Honesty and Truthfulness in Children," may be secured by sending a self-addressed stamped envelope to me in care of The Review.

Refugee Reveals Forced Watching Of Cuba Slayings

MIAMI, Fla. (AP)—A newly arrived Cuban refugee youth says teen-agers are forced to witness executions of anti-Castroites in his homeland.

He said Wednesday that young Communists relish the spectacle but that others like himself found it repugnant.

"Before the firing squads go to work, some young people taunt the victims with statements like 'take a last look at the caskets in which they are going to put you,'" said Luis Torres Perez, 17, who escaped his homeland by small boat.

Torres said that in Santa Clara, where he lived, "this macabre spectacle is set up two or three times a week."

Man Found Guilty Of Petting Girl, 14

SOUTHEND, England (AP)—A 59-year-old Salvation Army colonel was found guilty Wednesday of heavy petting in the bushes with a 14-year-old girl.

Prosecutor Tom Holdcroft said the policeman who found them had to shout twice before they stopped.

Then Col. Sydney Lawrence told the policeman: "She's a cuddly sort of girl."

Lawrence, who has resigned from the Salvation Army, was sentenced to 12 months in jail for indecent assault. He announced he would appeal and was freed on bail.

Boredom, Worry Steal Needed Energy

Energy is a most prized possession. Food is our sole source of energy, and our bodies are energy - transformers. What about good nutrition as an energy builder?

Ida Jean Kain

A balanced diet, including adequate protein and the other protective nutrients provide fuel for energy, plus repair and replacement essentials. While lack of energy can be traceable to poor food habits, there is no one special health food that guarantees super energy. Nor does an excess of food give one extra energy.

We all know that on some days we seem to have an abundance of life-giving energy — other days not so much. So how does one release energy? An equation might go something like this: Energy equals calories and nutrients x attitude x circumstances.

—:—

WHERE DOES interest enter the picture? Isn't interest the catalyst that sets off the reaction to release the energy? When we are enthusiastically interested in any project, the needed energy wells up from within.

Today the factors which steal away energy are more likely to be emotional than physical. Nagging worry, indecision, frustration . . .are all energy robbers. Boredom is deceptively tiring, but it's a restless tiredness, rather than healthy physical fatigue.

A too hectic pace robs one of energy, but this can be due to inward stewing and mental tension, rather than the accelerated action itself. Resentment, bitterness, getting "burned up" are negative emotions that sap energy.

In short, the factors which enable us to use our energies effectively, or rob us of precious energy, cover the entire range of personality.

The brilliant psychologist, William James, had phenominal energy, yet he was far from robust. This creative philosopher was intensely interested in human nature and in all that makes life exciting. He deplored too much sameness. Change! Experiment! Explore! Grow!

He was always advocating a change of pace and suggesting that we try something new. He firmly believed that it's excitement, ideas and effort that restore energy and vitality to people.

—:—

TODAY, LIFE has to have a certain amount of routine, but too much routine, albeit pleasant, leads to boredom. Boredom leads to dullness. . .a languor of spirits, tedium.

It's a willingness to make the effort to change things that releases energy. Get enthusiastic about it, for enthusiasm carries with it an expectation of good.

Pasteur termed enthusiasm "the inner God". This mysterious life-giving force is of the spirit.

Blue Licks Museum

FRANKFORT, Ky. (AP) — A new museum has been dedicated at Blue Licks Battlefield State Park in Northern Kentucky. It depicts the history of the Blue Licks area from the time its saline waters attracted the now-extinct mastodon until the mid-1800s when Blue Licks became a famed resort area.

Medical Puzzle: Dog Walks Only On Hind Legs

ODENSE, Denmark (AP) — Pucki, a year-old poodle, has baffled Danish medical men. He walks only on his hind legs.

"The dog started walking upright when he was three months old," his owner, Carl W. Soelling, told a reporter. "We never trained him to do it.

"When Pucki goes walking it's nearly always on his hind legs. Sometimes he stands upright for more than five minutes, staring at something interesting."

One Danish surgeon has asked permission to take x-rays of Pucki's pelvic region in an attempt to find out why he apes the human stance. Soelling gave his okay, saying, "I am anxiously waiting for the result of this scientific examination."

Construction Lacked Power-Driven Devices

FRANKFORT, Ky. (AP) — The only piece of power - driven machinery used in construction of Kentucky's state capitol building was a steam - driven concrete mixer.

The mason had a hand powered crane for lifting heavier stone and another worker designed, built and operated a hand machine for bending steel.

The capitol was constructed in 1906 at a cost of $1,820,000.

State Department Makes Report

Senator's Not Surprised Cuba Exports Saboteurs

WASHINGTON (AP)—Sen. John Tower, R-Tex., says he's not at all surprised by a State Department report that 15 to 20 potential subversive agents have flown recently from Cuba to other Caribbean lands.

"It's been going on for some time," Tower said today in an interview. "I have consistently said that Cuba is a staging area, a training ground for saboteurs, guerrillas and propagandists."

Another critic of U.S. policy toward the Cuban regime of Fidel Castro, Sen. Kenneth B. Keating, said the report was "further evidence of the step-up in the export of terrorism from Cuba to other Latin-American countries." The New York Republican expressed his view Wednesday night in an interview in Rochester, N.Y.

Some newspapers as well as congressional critics have been charging that Cuba was exporting subversion.

Richard I. Phillips, State Department press officer, said Wednesday that the 15 to 20 persons — presumably Cuban — left Cuba by way of Grand Cayman Island — a British island off Cuba.

He said this has been drawn to the attention of the British. A foreign office spokesman said in London Wednesday night that the matter is being carefully considered by responsible British officials.

Phillips' statement came after Rep. William C. Cramer, R-Fla., quoted a Miami news reporter as saying that Soviet-made planes had discharged passengers on Grand Cayman Island.

Phillips said the planes that landed on the island were three Soviet-made Ilyushin airliners. He said the 15 to 20 "potential subversive agents" transferred to non-Cuban commercial flights for other points in the Caribbean area including San Jose, Costa Rica.

Ceilings Ripped Out To Recover Radium

JACKSONVILLE, Fla. (AP) — Two ceilings and some plumbing were ripped out at St. Luke's Hospital during recovery of a $7,000 radium capsule which accidentally was flushed down a toilet Wednesday.

A Geiger counter was used to pinpoint the radium capsule in the hospital's plumbing system.

Hints from Heloise

— By Heloise Cruse —

Dear Heloise: When oiling furniture, machinery, or anything that requires oil:

Just slip a good plastic bag over your hand and use it as you would a "protective" glove and then proceed with the job . . .

Use a plastic bag when doing your dusting and polishing and your hands will never get soiled.

After you have finished the job hold onto the rag, and while clutching it . . . take your other hand and pull the bag off INSIDE OUT over the dust cloth.

Your dustcloth will end up inside the plastic bag, which then may be used for storing. It is also easy to reuse the same plastic bag by pulling it up over your hand the next time — and it's all ready to go!

L. L. C.

-:-

DEAR HELOISE: I wonder if anyone can tell me how to frost windows so I won't need to use curtains . . . expecially in my garage!

M. H.

The only answer I have found is to go to your dime store where they sell gold fish and aquarium equipment.

Ask for a froster — this is a liquid which people ordinarily buy to coat the inside of gold fish bowls and aquariums. I have had excellent results coating windows and shower doors with this. Read directions on package.

HELOISE.

DEAR HELOISE: I have had trouble with rick-rack shrinking more than the material until I found that the rick-rack could be pre-shrunk before sewing it on the garment!

All I do is just dip the card of rick - rack in hot water and use a towel to remove excess moisture and let it dry on the card. This does not require ironing. Then apply as usual to the garment.

MRS. V. B. RUSSELL.

-:-

DEAR HELOISE: Just how in this world do you wash a blender? I cannot get my brushes under it.

GRATEFUL.

HONEY: All you have to do after using a blender is to empty it of its food, fill with just a drop or two of detergent, add some warm water and set it back on the motor. Turn the motor on low and it washes itself!

Dump this water out, fill the blender with clean water and let it spin once more. And that's all there is to it. I didn't know there was any other way.

HELOISE.

-:-

DEAR HELOISE: I have found that pillowcases and linens become musty between washings and ironings and after they sit on the shelf a while waiting to be used. I have tried soaking them overnight in bleaches . . . and all of the ideas I have ever heard of.

Yesterday, I sprayed my wet pillow cases with a healthy dose of non - toxic room air-freshener then put them in the dryer. I now have the sweetest smelling pillow cases anyone could ask for.

This might work for others who have that musty ordor in clothes.

For Fiscal Year

West Virginia To Show Balance Of $2.5 Million

CHARLESTON, W. Va. — The general revenue fund balance the state finally will carry into the current fiscal year apparently will amount to about $2.5 million, but other than clear sailing might be ahead.

Even if net receipts continue at or near the record level of the fiscal year ended June 30, upward revisions of income estimates and certain action by the 1963 Legislature could lead to trouble.

Finance Commissioner Truman E. Gore noted yesterday that the Board of Public Works increased revenue estimates for this year by $1 million shortly before the lawmakers passed finally a new state budget act last March.

Legislative acts permitting state operated universities and colleges to keep additional registration fee receipts for building purposes, and reducing slightly the state's parimutuel racing tax, probably will cost the general fund another $1 million, Gore said.

Record net general fund receipts of $149,236,550 in the year ended June 30 exceeded final Board of Public Works estimates for the year by $2,261,550 and ran $143,344 over actual income in fiscal 1961-62.

The gross sales tax, largest single general fund revenue source, provided a net $55,644,449 as it ran more than $1.3 million ahead of estimates and about $1.6 million before net receipts in the previous year.

Gore said he thought the record fund income reflected "a materially improved economy stemming from Barron administration policies and federal aid in such areas as roads, defense contracts and the like."

The finance commissioner's summary showed a June 30 net unencumbered balance of $1,681,736 in general fund money but he estimated that the figure will amount to about $900,000 more as of the end of July.

Because state spending units have the month of July in which actually to spend amounts they have encumbered before the fiscal year's end, transactions for the year actually are not closed out until that time.

Gore anticipates that the additional $900,000 will come from appropriations for the past fiscal year which will expire as unexpended, and thus revert to the general fund.

High Court Affirms Ruling In Cases On Compensation

COLUMBUS, Ohio (AP)—Persons without attorney's credentials cannot plead workmen's compensation claims even if the Industrial Commission rules them qualified, the Ohio Supreme Court says.

The high court handed down a ruling, by Chief Justice Kingsley A. Taft, Wednesday that the commission lacks authority to determine qualifications of those practicing law before it. Only lawyers admitted to the bar by the Supreme Court can represent claimants before the Industrial Commission, the court said.

The decision affirmed a Cuyahoga County Common Pleas Court order. The lower court had instructed a Cleveland firm of non - attorneys to quit handling compensation cases after a court-appointed committee on unauthorized practice of law sought the order.

In other decisions, the Supreme Court:

Refused to review Wyandot County decisions against a pony breeder who sued a feed supplier he claimed sold him poison grain. George W. Amole went to the high court after common pleas and appellate courts turned down his $83,500 damage suit against the Nevada (Ohio) Farmers Grain Association. Amole claimed feed he bought from the firm contained mercury, made his 19 ponies sick and caused two of them to die. The dealer denied the feed was poisonous and said the ponies were worth about $2,750.

Reversed a $7,500 award to Mansfield policeman Robert Scheurer for injuries received in a fall into an excavation at the Open Bible Church while answering a breaking and entering call the night of Oct. 19, 1956. The high court overturned lower courts on grounds that a property owner is not liable for injuries received by an officer on duty if the owner lacked knowledge of the policeman's presence and had no opportunity to warn him of danger.

Affirmed dismissal by lower courts in Erie County of an appeal by Raymond A. Remy and other property owners from annexation of a part of Margaretta Township by the city of Sandusky in 1962 but agreed to admit the case for review.

Government Blocks Jimenez Jail Release

MIAMI, Fla. (AP)—The federal government has blocked Marcos Perez Jimenez, former Venezuelan dictator, in his bid for release from jail.

U.S. Dist. Judge William A. McRae Jr., said Wednesday he would prepare an order granting a request by the U.S. attorney general's office that Perez Jimenez be kept behind bars.

Perez Jimenez sought his freedom through a state court hearing, contending the government had forfeited jurisdiction by not acting on Venezuela's extradition request within legally stipulated time.

Venezuela has been trying to extradite Perez Jimenez on charges of embezzling millions of dollars in public funds while he was in office.

Avoid Misery

MIAMI (AP) — Dr. Charles G. Werner, University of Miami philosophy professor, told a young people's group how to keep from being miserable. He said a person must work out a balance between the way he thinks people should treat him and the way they actually do.

Hints from Heloise

— By Heloise Cruse —

Dear Heloise: When oiling furniture, machinery, or anything that requires oil:

Just slip a good plastic bag over your hand and use it as you would a "protective" glove and then proceed with the job . . .

Use a plastic bag when doing your dusting and polishing and your hands will never get soiled.

After you have finished the job hold onto the rag, and while clutching it . . . take your other hand and pull the bag off INSIDE OUT over the dust cloth.

Your dustcloth will end up inside the plastic bag, which then may be used for storing. It is also easy to reuse the same plastic bag by pulling it up over your hand the next time — and it's all ready to go!

DEAR HELOISE: I wonder if anyone can tell me how to frost windows so I won't need to use curtains . . . expecially in my garage!

M. H.

The only answer I have found is to go to your dime store where they sell gold fish and aquarium equipment.

Ask for a froster — this is a liquid which people ordinarily buy to coat the inside of gold fish bowls and aquariums. I have had excellent results coating windows and shower doors with this. Read directions on package.

HELOISE.

DEAR HELOISE: I have had trouble with rick-rack shrinking more than the material until I found that the rick-rack could be pre-shrunk before sewing it on the garment!

All I do is just dip the card of rick - rack in hot water and use a towel to remove excess moisture and let it dry on the card. This does not require ironing. Then apply as usual to the garment.

MRS. V. B. RUSSELL.

-:-

DEAR HELOISE: Just how in this world do you wash a blender? I cannot get my brushes under it.

GRATEFUL.

HONEY: All you have to do after using a blender is to empty it of its food, fill with just a drop or two of detergent, add some warm water and set it back on the motor. Turn the motor on low and it washes itself!

Dump this water out, fill the blender with clean water and let it spin once more. And that's all there is to it. I didn't know there was any other way.

HELOISE.

-:-

DEAR HELOISE: I have found that pillowcases and linens become musty between washings and ironings and after they sit on the shelf a while waiting to be used. I have tried soaking them overnight in bleaches . . . and all of the ideas I have ever heard of.

Yesterday, I sprayed my wet pillow cases with a healthy dose of non - toxic room air-freshener then put them in the dryer. I now have the sweetest smelling pillow cases anyone could ask for.

This might work for others who have that musty ordor in clothes.

For Fiscal Year

West Virginia To Show Balance Of $2.5 Million

CHARLESTON, W. Va. — The general revenue fund balance the state finally will carry into the current fiscal year apparently will amount to about $2.5 million, but other than clear sailing might be ahead.

Even if net receipts continue at or near the record level of the fiscal year ended June 30, upward revisions of income estimates and certain action by the 1963 Legislature could lead to trouble.

Finance Commissioner Truman E. Gore noted yesterday that the Board of Public Works increased revenue estimates for this year by $1 million shortly before the lawmakers passed finally a new state budget act last March.

Legislative acts permitting state operated universities and colleges to keep additional registration fee receipts for building purposes, and reducing slightly the state's parimutuel racing tax, probably will cost the general fund another $1 million, Gore said.

Record net general fund receipts of $149,236,550 in the year ended June 30 exceeded final Board of Public Works estimates for the year by $2,261,550 and ran $143,344 over actual income in fiscal 1961-62.

The gross sales tax, largest single general fund revenue source, provided a net $55,644,449 as it ran more than $1.3 million ahead of estimates and about $1.6 million before net receipts in the previous year.

Gore said he thought the record fund income reflected "a materially improved economy stemming from Barron administration policies and federal aid in such areas as roads, defense contracts and the like."

The finance commissioner's summary showed a June 30 net unencumbered balance of $1,681,736 in general fund money but he estimated that the figure will amount to about $900,000 more as of the end of July.

Because state spending units have the month of July in which actually to spend amounts they have encumbered before the fiscal year's end, transactions for the year actually are not closed out until that time.

Gore anticipates that the additional $900,000 will come from appropriations for the past fiscal year which will expire as unexpended, and thus revert to the general fund.

High Court Affirms Ruling In Cases On Compensation

COLUMBUS, Ohio (AP)—Persons without attorney's credentials cannot plead workmen's compensation claims even if the Industrial Commission rules them qualified, the Ohio Supreme Court says.

The high court handed down a ruling, by Chief Justice Kingsley A. Taft, Wednesday that the commission lacks authority to determine qualifications of those practicing law before it. Only lawyers admitted to the bar by the Supreme Court can represent claimants before the Industrial Commission, the court said.

The decision affirmed a Cuyahoga County Common Pleas Court order. The lower court had instructed a Cleveland firm of non - attorneys to quit handling compensation cases after a court-appointed committee on unauthorized practice of law sought the order.

In other decisions, the Supreme Court:

Refused to review Wyandot County decisions against a pony breeder who sued a feed supplier he claimed sold him poison grain. George W. Amole went to the high court after common pleas and appellate courts turned down his $83,500 damage suit against the Nevada (Ohio) Farmers Grain Association. Amole claimed feed he bought from the firm contained mercury, made his 19 ponies sick and caused two of them to die. The dealer denied the feed was poisonous and said the ponies were worth about $2,750.

Reversed a $7,500 award to Mansfield policeman Robert Scherer for injuries received in a fall into an excavation at the Open Bible Church while answering a breaking and entering call the night of Oct. 19, 1956. The high court overturned lower courts on grounds that a property owner is not liable for injuries received by an officer on duty if the owner lacked knowledge of the policeman's presence and had no opportunity to warn him of danger.

Affirmed dismissal by lower courts in Erie County of an appeal by Raymond A. Remy and other property owners from annexation of a part of Margaretta Township by the city of Sandusky in 1962 but agreed to admit the case for review.

Government Blocks Jimenez Jail Release

MIAMI, Fla. (AP)—The federal government has blocked Marcos Perez Jimenez, former Venezuelan dictator, in his bid for release from jail.

U.S. Dist. Judge William A. McRae Jr., said Wednesday he would prepare an order granting a request by the U.S. attorney general's office that Perez Jimenez be kept behind bars.

Perez Jimenez sought his freedom through a state court hearing, contending the government had forfeited jurisdiction by not acting on Venezuela's extradition request within legally stipulated time.

Venezuela has been trying to extradite Perez Jimenez on charges of embezzling millions of dollars in public funds while he was in office.

Avoid Misery

MIAMI (AP) — Dr. Charles G. Werner, University of Miami philosophy professor, told a young people's group how to keep from being miserable. He said a person must work out a balance between the way he thinks people should treat him and the way they actually do.

RADIOS

QUESTION: How does a radio battery work?

★ ★ ★

ANSWER: Your radio picks up electric signals but to process these so they then can be turned into sound for you to hear, electric power must be used. In a regular radio you get this by plugging in to your house current. Radio batteries (E) are used in portable radios which can be played anywhere. These batteries take the place of house current.

Batteries have "cells" in which plates, usually zinc and carbon, are dipped into a chemical solution. When the plates are connected with electric wires, the chemicals and plates work together to produce an electric current. In a "dry cell" (F), such as used to operate a flashlight, the liquid of the larger battery is replaced by a paste containing chemicals. There is a carbon rod in the center and a zinc shell, separated from the paste by a cardboard lining soaked in chemicals. Inside (E) is a stack of very small dry cells which work on the same principle as the one in (F). When you snap your little radio on, all these work together to produce an electric current which operates your radio.

★ ★ ★

FOR YOU TO DO: Beside the battery, other things are needed different from those of a big radio. Try to guess what they are. (The answer: transistors (G), tiny objects scientists have invented to take the place of the bulky radio tubes and do the same work.)

★ ★ ★

An 18-year-old youth, charged with purchasing high - powered beer, and a bartender at an E. 6th St. tavern, accused of selling it to him, were granted continuances today in Municipal Court.

Patrolman Paul E. Carter arrested Reed at 2:30 a. m. today in his car on E. 6th St. after the youth allegedly had purchased two bottles of beer from Slager.

The charge against Slager, who police said is a bartender at The Shamrock on E. 6th St., was filed after police questioned Reed and Slager.

A 19-year-old girl and a boy, 17, were in the car with Reed, Officer Carter said. They were not held.

The proposed hike, sought since 1961, would increase rates to residential customers by $33.9 million, or about 25 per cent per average home bill, and $1.1 million to industrial customers.
